## GHS Seniors Plan Trip To N. Y. Fair

The current issue of the Ma-roon and White, Gettysburg Senior High School newspaper, announces that the members of the Senior class have voted to visit the New York World's Fair and May 27 has been set as the date for the trip.

The fair was chosen as their destination at a recent class meeting, the paper reports. Other proposals were New York City, Philadelphia, the Pocono Mountains and Washington, D. C.

The class has set out to raise the necessary \$1,500 required to supplement the class treasury for the trip.

Last year's Senior class also made a one-day bus trip to the fair, leaving early in the morning and returning early the next morning.

## SIMPSON AND HIS STAFF ARE CITED BY VFW

Gettysburg's Veteran of Foreign Wars Post Wednesday night honored Ernest H. Simpson, owner of Simpson Machine and Welding Shop and his employees, for their "exceptional service to children."

Simpson and Charles Riley, foreman for the concern, who represented the employees, were presented with a VFW citation by Commander Norman W. Myers during the regular meeting of the VFW in its home on E. Middle St.

Accompanying the citation was a resolution adopted by the VFW post stating: The owner, operator and employees of the Simpson Machine and Welding Shop, Gettysburg, have contributed many hours of their time in collecting, repairing and refitting toys and bicycles, then presenting them to the children of the Hoffman Home at Littlestown, the Paradise School at Abbottstown and children of needy families in and about Adams County during the Christmas season. Mr. Simpson and his employees carry on this annual project at a great deal of expense to themselves, in both time and money, with no thought of compensation.

### PROTEST VA CLOSING

The VFW resolved that the post "recognizes and commends Ernest Simpson and his employees for their exceptional service to children and through this resolution present them with a citation of the Veterans of Foreign Wars." At the meeting the post members voted to sign a petition protesting the proposed closing of the Wilkes-Barre office of the Veterans Administration. The post voted also to take the petition to the county commissioners and borough council members to seek their signatures as well.

### NAME 5 DIRECTORS

County Veterans Affairs Director Ira Bollman spoke on the need for veterans who receive pensions to fill out the income form they received with their last checks and return them prior to Sunday. Veterans who receive compensation checks for war-connected injuries need not worry about the matter, Bollman said, since their checks do not depend (Continued on Page 10)

### SPECIAL MEETING

A special meeting of the Stram Twp. school board has been called for general purposes Friday evening at 7 o'clock at the home of the secretary, Oren H. Wilson, Gettysburg R. 4. One item of business on the agenda will be action in connection with the proposed merger vote at the spring primary election.

## Johnson Predicts Rising Prosperity For 5th Year; Make Recessions Obsolete

By STERLING F. GREEN

WASHINGTON (AP) — President Johnson, forecasting a fifth consecutive year of rising prosperity, assured Congress today that recessions can become obsolete in the "Great Society" era.

For long-range slump insurance, he asked Congress to streamline its tax-writing machinery to permit "rapid action" on temporary income tax cuts if recession threatens.

The President explained, in his annual economic message: "A time of prosperity with no recession in sight is the time to plan our defenses against future dips in business activity."

"I do not believe recessions are inevitable."

### MAKES PLEDGE

In exchange, Johnson gave Congress a pledge of his own — if economic growth unexpectedly falters in 1965 despite the 1964 tax cut and this year's proposed (Continued on Page 10)

## Blind And Maimed Veterans Of World War II Trudge Through Snow, Cold To Pay Tribute To Sir Winston Churchill

By EDDY GILMORE

LONDON (AP)—Blinded and crippled veterans of World War II came through cold and snow today to join the throng of Britons paying homage to Sir Winston Churchill, the man who led them to victory.

The blind, many with medals, clutched the shoulders of friends as they filed past the flag-draped coffin of Sir Winston, lying in state for the second day in historic Westminster Hall.

Many stood in silence before the high, black-draped catafalque.

Others were pushed past in wheelchairs. Others hobbled on crutches or with walking sticks.

With snow falling and the temperature hovering around freezing, the line fluctuated in length. But by midmorning an official said 87,773 people had moved beside the bier since the homage began 25 hours before.

Great though the number will be at the end of the three-day lying in state, police said it would not equal the 809,182 who

filed past the bier of King George V in 1936. The king's body lay in state for five days.

### EXPECT MILLION

Police expect more than a million persons to watch Churchill's funeral procession Saturday from Westminster Hall to St. Paul's Cathedral and on to the banks of the Thames at Tower of London pier. Cold and dry weather was the outlook for the funeral.

Westminster Hall was closed for cleaning at 6:10 a.m. When it reopened 50 minutes later, the queue stretched a quarter of a mile toward Lambeth Bridge across the Thames. The snow

was heavier and beginning to settle. The temperature was 32 degrees, as it had been all night.

### WEEP OPENLY

The river of people moved in two lines down the hall's great stairway and over the carpeted flagstones to pass on each side of the 10-foot-high catafalque.

Some wept openly. Occasionally an old soldier would throw up a smart salute to his old chief. Some knelt briefly in prayer or placed flowers.

Widowed Lady Churchill, proudly composed in her grief, watched the solemn splendor of her husband's leaving for a while Wednesday night. Few in the throng recognized her.

to become effective January 31.

Weaver was asked to resign his position but refused. His dismissal followed.

Former Mayor Wilbur Plank will be or has been recommended for appointment to the post to Governor William Scranton. It is likely that county Republicans will oppose the recommendation.

### NAMED IN 1950

Weaver was appointed to the post in 1950 and for 10 years served without pay. Four years ago a salary of \$200 per month was fixed.

Weaver directed the organization of the Civil Defense setup throughout the county. He has enrolled more than 900 men and women in the organization and has been a consultant on state-wide problems on several occasions.

The local director also directed the organization of a county-wide radio system for fire departments and later the quick call system. Civil Defense funds were used for these purposes.

The decision to dismiss Weaver was taken at a meeting of the commissioners on Tuesday.

### FIREMEN CALLED

Cashtown firemen were called Wednesday evening at 8:29 to the home of Donald Schultz. They reported no damage from the blaze.

## Father Says Cadet Son Did Not Cheat, Refused To Act As Stool Pigeon

By WILL GRIMSLEY

AIR FORCE ACADEMY, Colo. (AP) — "My boy didn't cheat — he just refused to be a stool pigeon."

That was the bitter reaction today of a parent of one of the more than 100 U.S. Air Force Academy cadets caught in the web of a classroom cheating scandal.

"I taught my boy since he was big enough to walk that he shouldn't snitch on the other kids," the parent, a Midwestern school teacher, added.

### REFUSED AID

"He didn't do anything wrong. Another boy offered him an examination paper. He turned it down. This was a friend. My boy couldn't turn him in — and now he must pay for it."

Reactions from other parents were marked with similar sadness and bitterness.

Thirty more cadets resigned from the Academy Wednesday, making a total of 65 who quit

## Leaves Washington For Churchill Rites

Former President Dwight D. Eisenhower, accompanied by Brig. Gen. Robert L. Schulz, his executive assistant, left Andrews Air Force Base, Washington, D. C., at 7:30 o'clock this morning for London, where he will attend the funeral of Sir Winston Churchill. Secretary of State Dean Rusk and Chief Justice Earl K. Warren made the trip with him.

Eisenhower arrived at Olmsted Air Force Base in Middletown, Calif. He boarded a helicopter and proceeded to Washington, where he spent the night. He previously had expected to return to the farm here for the night but changed his plans and flew directly to the capital.

## SCOUTS HONOR C. P. KEEFER, M. EISENHART

Clarence P. Keefer, New Oxford, and Merl Eisenhart, Gardners R. 1, were among those honored by the York-Adams Boy Scout Council at its 48th annual dinner meeting Wednesday evening at York.

Keefer, former Adams County superintendent of schools, was one of five to receive the silver beaver award, the highest honor the council can give. Eisenhart was a recipient of the statuette award, the highest honor a district can present.

Council Commissioner Attorney Horace G. Ports presented the silver beaver awards. In presenting Keefer with his award, Attorney Ports noted that Keefer "is a community leader whose entire life span reflects concern for the interests and welfare of others. During the past 28 years his interests included the Boy Scouts of America program, which resulted in a host of young men being exposed to the quiet influence of this man's personality."

His education was gained in three colleges and two universities, preparing him for teacher, guidance counselor, supervising principal, assistant county superintendent and county superintendent of schools. He spent 44 years in educational service.

"His talents have been sought by other movements. He has served as a member of the board of directors of the Warner Hospital, Adams County Library, Red Cross, UNICEF, Council of Community Services and the Adams County YMCA, of which he is president. He also is a member of the New Oxford borough council, a member of the New Oxford Lions Club, several Masonic bodies, St. Paul's United Church of Christ and the Adams County Council of Churches. He is a diligent worker with enormous moral earnestness whom we are pleased to have as a member of the executive board of the York-Adams Boy Scout Council."

Is Satisfied With Damage Settlement

Vernon O. Baker, Gettysburg R. 1 and the Commonwealth of Pennsylvania today filed a stipulation in Adams County court stating both parties are satisfied with the findings of the board of view concerning damages to the Baker property caused by the relocation of Route 15 around Gettysburg.

According to the stipulation signed by Attorney Eugene R. Hartman for Baker and by Attorney Oscar F. Spicer for the Commonwealth, the board of view listed damages of \$13,000, plus interest.

The stipulation lists interest of \$1,492.42, making the total the state will pay to Baker \$14,492.42. The date of the condemnation was listed as December 7, 1961, and the "cut off date" January 2, 1965. According to the stipulation, the state paid \$7,500 in partial payment to Baker in 1963 "on payment of \$6,996.42 by the Department of Highways" Baker will mark the case as "satisfied."

## THREE MURDER CASES ON LIST FOR FEBRUARY

Two murder cases head the trial list for February term of Adams County criminal court prepared Wednesday by the clerk of courts' office.

District Attorney Gerald R. Walmer said today: "We are ready to try both murder cases in February term, if they are ready to be heard at that time." He added: "Depending on circumstances, we could, however, try only one, or none."

Clerk of Courts Clark Spence has three murder cases listed, two against Alton Blair Clark, former New Oxford mailman. He is accused of slaying his wife and mother-in-law last October. The other is against Curtis Eugene Ewing, Waynesboro, who is charged with the death of his wife.

### TWO FOR MANSLAUGHTER

Besides the murder charges, three other "over and terminer" cases are listed. Roy Elsworth and Dorothy M. Reed, of Orrtanna R. 1, face charges of burglary and larceny and receiving stolen goods.

Thomas James Cannon, Edward Allen, Lawrence Wesley Horton and Theodore Turner, all of Baltimore, face burglary and larceny and conspiracy charges and MacArthur and Donna Jane Scott, Gettysburg, and Glenn Edward Kint, Fairfield, face charges of burglary and larceny and forgery. Kint has entered a guilty plea to the charges.

Two involuntary manslaughter cases are listed for quarter sessions. One is the case against Harman E. Elsass Jr., Lehigh, Pa. The other is against Francis C. Keffer, McSherrystown.

### FILE GUILTY PLEAS

A number of the defendants on the list have entered guilty pleas, according to the clerk. They include:

Donald Smith, Gettysburg R. 5, drag racing; Gerald F. Parson, Gardners R. 1, assault and battery; Pedro Miranda, Gettysburg, driving without a license; Lewis Metz, Orrtanna R. 1, driving during suspension; John E. Kerrigan, Gettysburg, establishing a gambling (Continued on Page 10)

## SUPERVISORS IN MT. JOY EXPLAIN "NO"

The Mt. Joy Twp. supervisors this morning noted their sympathy for the problems of the Mt. Joy Twp. school board, as related in a news article in the Gettysburg Times Wednesday, but held they could not at this late date make changes in their tax structure requested by the school officials.

Wednesday's story stated that the Mt. Joy Twp. supervisors had rejected a request of the Mt. Joy Twp. school board to adjust its 1965 taxes in order to permit the school board to place before the taxpayers in May a referendum which would permit the school board to merge July 1 with the Gettysburg merged school district.

Mt. Joy's school board hopes to solve financial problems by merging with the Gettysburg system, but has been told by the Gettysburg merged system that the township will have to revise its tax system to conform with that in effect in the Gettysburg merged system before approval can be given by the Gettysburg merged board.

# LONG DISTANCE PHONE RATES ARE REDUCED

Reductions in long distance telephone rates that will mean substantial savings to United Telephone Company customers will go into effect Monday, February 1. United district manager A. M. Eckert announced that the new rates will be applicable on certain intra and interstate station-to-station calls within continental United States.

Effect of the reductions in station-to-station rates are as follows:

Rates presently in effect between 6 and 9 p.m. will apply between 6 and 8 p.m. Monday through Friday and from 4:30 a.m. to 8 p.m. Saturday, Thanksgiving, Christmas and New Year's Day. In addition, charges for three-minute station-to-station calls spanning 481 miles or more will be reduced in amounts varying from five cents to 25 cents (depending on the distance) during the periods specified above.

## CITES EXAMPLES

The present after 9 p.m. rates will apply after 8 p.m. on weekdays and all day Sunday.

District Manager Eckert cited these examples of rate reductions for three-minute station-to-station calls from Gettysburg to San Francisco and other Pacific coast points: All day Sunday, now \$1.75, new rate \$1; all day Saturday, now \$2.25, new rate \$1.50; daily between 8 and 9 p.m., now \$1.75, new rate \$1; daily between 6 and 8 p.m., now \$1.75, new rate \$1.50.

When transcontinental telephone calling was inaugurated 50 years ago, the charge was \$20.70 for three minutes and it required 23 minutes, on the average, to establish a transcontinental connection. Such calls were routed through six switching centers. Toll charges have steadily been reduced, and the quality of service continually improved since coast-to-coast calling became a reality. Today most customer-dialed calls go through in less than half a minute and transmission is equivalent to face-to-face conversation, a phone company statement said.

Eckert emphasized that with few exceptions person-to-person call rates will not be lowered.

# SUPERVISORS

(Continued From Page 1)

Mt. Joy Twp. supervisors would have to give up \$2.50 of the head tax and the one per cent real estate transfer tax.

Through Attorney Daniel E. Teeter, with whom the Mt. Joy supervisors conferred this morning, they said they did not receive the request in time to make the changes for 1965. The township's budget is up for final approval February 16. Attorney Teeter said. The supervisors noted that the change could not be made only for the area encompassed by the Mt. Joy Twp. school board but would have to be made for the entire township, which also includes the Mt. Joy Independent school district. A change by the township supervisors would also affect the Mt. Joy independent school district tax structure. The supervisors said they feared that if they seek to change their tax structure at this late date they might prejudice their entire tax structure and have to operate "in the red" for the year.

Mrs. Frank Stauffer, Smithsburg, Md., and her son, Paul Stauffer, Waynesboro, visited Wednesday with the former's brother-in-law and sister, Mr. and Mrs. Emmert Leatherman, Buford Ave., and Mrs. Charles Jacobs, 29 W. Middle St.

## Hercules Alcor Brought Into Suit

Mrs. Rebecca M. Stull, Orrtanna R. 1, named as defendant Wednesday in two trespass actions brought against her by passengers in her station wagon at the time it collided with the car of Marie Stauffer, Chambersburg, in Seven Stars, on October 17, 1963, to-day named Hercules Alcor Chemical Co. of Seven Stars as a co-defendant in both cases.

Ruth L. Gulden, Orrtanna R. 1, and Annie G. Miller, McKnightstown, both filed suits against Mrs. Stull asking damages "in excess of \$5,000," each for injuries, pain and suffering and loss of work resulting from the accident.

Mrs. Stull, in naming Hercules Alcor, today as an additional defendant, alleged that the "smoke or dust" emitting from the plant at the time of the accident was a cause of the crash. The papers were filed in the prothonotary's office for Mrs. Stull by Attorney Donald G. Oyler.

# ROCKET FAILS AND PAYLOAD FALLS IN SEA

CAPE KENNEDY, Fla. (AP) — An unusual rocket failure to-day spoiled an effort to hurl a gold-plated scientific package 24,500 miles into space to study the earth's magnetic field.

The compact, 41-foot Blue Scout booster appeared to fly a true course as it darted away from its launching pad and sped into a cloud layer. But the Air Force later reported this series of events:

—The second stage developed trouble about 100 seconds after launching and the range safety officer sent a signal to destroy the rocket. Before the signal reached the second stage, which contains the destruct package, the stage broke apart on its own.

—The third stage separated from the second stage, ignited and followed approximately its preplanned path. The third stage was able to do this because the second stage trouble occurred just an instant before it was to happen.

—The fourth stage failed to ignite and it and the payload fell harmlessly into the Atlantic southwest of Ascension Island.

The 33-pound payload was to have reached its intended 24,500-mile altitude about five hours after launching. Then it was to have looped over and started a five-hour return trip which was to have ended with its fiery destruction because of atmospheric friction.

NEW YORK (AP) — Heiress Gloria Vanderbilt, now Mrs. Wyatt Cooper, gave birth to a 7-pound boy Wednesday night at Doctors Hospital.

Mrs. Cooper's attorney, Arnold Krakower, announced the birth. He said Mrs. Cooper, 40, and her husband, also 40, had not selected a name.

JOHANNESBURG, South Africa (AP) — A close relative of Chief Albert Luthuli said today the 67-year-old winner of a Nobel Peace Prize is receiving medical attention, but he gave no details.

Luthuli, 67, suffered a recurrence of a heart ailment.

## Youth Is Guilty Of Manslaughter

HARRISBURG (AP) — Ronald Duane Dunbar, 15, of Harrisburg was convicted of involuntary manslaughter Wednesday in the death of a 66-year-old city man.

Judge Homer L. Kreider of Dauphin County Court deferred sentencing at the request of the prosecution and defense counsel. The jury deliberated 3½ hours before reaching its verdict.

Dunbar and Jerry Joseph Coffield, 16, of Harrisburg were charged in the fatal beating of Paul S. Gundrum, who died last March 13 in a hospital nine days after being attacked on a street. Coffield pleaded guilty and was sentenced to three years in prison by Judge Kreider.

LONDON (AP) — Prince Charles, 16, heir to the British throne, has scored well in his most important school examinations.

Charles, eldest son of Queen Elizabeth II, passed English language, English literature, history, Latin and French in the General Certificate of Education examination, considered a turning point in the lives of British pupils.

LOS ANGELES (AP) — Actress Jane Wyman has been sued for divorce by band leader Red Karger, who claimed desertion.

TORONTO (AP) — Robert DeHart, 70, editor of the Toronto Telegram, died Wednesday of a heart attack. DeHart started his newspaper career with the London Free Press in 1912 and had worked for the Telegram since 1928.

# LIONS CLUB AT CASHTOWN TO INCORPORATE

Preliminary plans to form an incorporated association to operate the community park recently purchased by the club were outlined Tuesday evening at the meeting of the Cashtown Community Lions Club in Cashtown.

Further plans for the incorporation will be worked out later, after the club has learned from Lions International whether the name Lions may be used by any such local incorporated body.

Clark Spence, chairman of the gift certificate project, reported progress, and members asked that another such project begin after the close of the present one. Spence also announced tentative plans for a chicken barbecue at the Cashtown Community Park "as soon as weather permits."

President Harry Biesecker announced the Fairfield Lions Club has invited the members of the Cashtown group to attend the Fairfield meeting February 16 and asked all Cashtown members planning to participate in the joint session to notify him.

Letters of appreciation from recipients of Christmas donations were read including one from Mrs. W. E. Jordan, matron of the county home, expressing appreciation of the guests of the home for the Christmas tree furnished by the Cashtown Lions.

The convention committee announced plans to send a full quota of delegates to the state Lions convention to be held at Philadelphia May 23, 24 and 25.

Progress was reported by the anniversary-charter night committee for the program to be held March 23. Fairfield Lions were the sponsors of the Cashtown club and will receive a special invitation to attend the March 23 affair.

Members of the talent show committee said plans for that event are progressing and said they would appreciate "any suggestions or criticisms that have developed from past operation."

Zone Chairman Cloyd Shetter, of Gettysburg, urged attendance at the zone rally to be held at Cashtown March 9 in honor of Charles Mowry who is campaigning for third vice president of Lions International. He also announced that March is "District Governor's Membership Month" and said special awards are being offered to sponsors of new members.

Clyde Topper introduced Elmer Schriver, vocational agriculture teacher of Gettysburg High School, who showed slides and gave a talk on his recent trip to Russia as a member of a "People-to-People" sponsored tour.

# DEATH TOLL ON PA. ROADS AT NEW HIGH

HARRISBURG (AP) — Pennsylvania's 1964 traffic death toll was three per cent higher than in 1963, according to preliminary figures released Wednesday by the State Traffic Safety Bureau.

It was the highest toll in 23 years, and Harry H. Brainerd, commissioner of traffic safety, termed the 1964 figures "miserable."

The figures showed that 1,889 persons were killed in motor vehicle accidents during the year — an increase of 59 from 1963. Another 441 pedestrian deaths were recorded — an increase of one.

## HIGHEST SINCE '41

Records show that the 1964 toll was the highest in Pennsylvania since 1941 when 2,296 people were killed in traffic accidents.

As recently as December, traffic bureau officials expected the state to finish with a toll lower than 1963. However, 83 deaths during the month crushed those hopes.

The state's best record since the end of World War II was in 1961 when 1,486 persons were killed.

HOW CRALEY VOTED

## TRY TO BLOCK TRIAL OF 17 IN CONSPIRACY

MERIDIAN, Miss. (AP) — The defense studied every legal angle today in an effort to block trial of 17 men charged with conspiracy in the murder of three civil rights workers.

Eleven defense lawyers have 15 days in which to file additional arguments to their claim that FBI agents "made a fatal mistake" in their investigation which would rule out key evidence.

The men were arraigned in federal court here Wednesday. They included Horace D. Barnett, 26, one of two defendants alleged to have given the FBI a signed confession.

### CAMERAMAN ATTACKED

All 17 pleaded innocent and remained free on bond. They were charged with conspiring to violently deny the civil rights of the slain trio.

The session included an attack on a CBS cameraman, Laurens Pierce of Montgomery, Ala., when he tried to film defendants as they emerged from the courthouse.

The 18th man indicted in the case, James Edward Jordan, 38, formerly of Meridian, will be arraigned in Atlanta — but not for several weeks.

The FBI said Jordan gave a full statement on the killings of Michael Schwerner, 24, and Andrew Goodman, 20, both white New Yorkers, and James Chaney, 21, a Meridian Negro.

### FOUR INDUCTED BY CUB PACK

Four boys were inducted into Cub Pack 79 at its monthly meeting Wednesday evening at St. James Lutheran Church. Inducted into the pack as bobcats were John W. DeHaas, Bradley A. Kime, James L. Shanefelter and Robert M. Crabill.

Announcement of future activities was made. The Cubs were urged to wear their uniforms during Scout Week, February 7-13. On Scout Sunday, February 7, the Scouts will attend the 10:45 a.m. worship service at St. James Lutheran Church. At 5 p.m. that day the Scouts will attend a flag lowering ceremony in Lincoln Square. They should be in uniform if possible.

The annual blue and gold dinner will be held February 24 at 6:30 p.m. in the dining room of St. James Lutheran Church. The Cubs will take part in the Black Walnut District Scout show to be held in the Hotel Gettysburg pressroom March 12 and 13. The project to be demonstrated is plaster casting.

During the meeting skits were presented on the monthly theme, "Trailblazers." The meeting was conducted by Cubmaster Roland W. Kime.

### Firemen Answer 55 Alarms In '64

The Vigilant Hose Company, Emmitsburg, has issued a statistical report for 1964 showing an active membership of 91 firemen who responded during the year to 55 alarms and assisted in two other fires. An average of 30 men assisted at each fire and total property losses were estimated at \$28,365. Two firemen were injured in the course of duty.

The fires included three dwellings, five chimneys, five barns and five commercial buildings, four sheds or garages, four auto, truck or tractor fires and 27 field and woods fires. Firemen participated in 14 drills and answered one false alarm.

### Leadership School To Open Monday

The first session of the Leadership Training School for Christian education workers will be held Monday evening in the York Springs Methodist Church. The sessions will continue each Monday evening from 7:30 to 9:30 o'clock through March 8.

Five courses are being offered including classes in Christian teaching, Old Testament history, teaching methods, teaching primary children and helping young people develop Christian beliefs.

Conducted on an interdenominational level, the school is sponsored by the Fifth District Sunday School Association representing 15 schools of that area and is accredited by the National Council of Churches of Christ.

### HANOVER HOSPITAL

### YOUTH WILL

(Continued From Page 1)

present the morning anthem. The morning message will consist of a panel of youth discussing in an unrehearsed discussion some of the vital questions confronting youth in our community.

The panel will consist of Ginger Weaver, Ron Carey and Don Miller, with Mrs. Richard Naugle, a youth counselor, as moderator. Among the questions to be considered by the panel are: What is the major moral problem confronting the youth of our community? How has the Church helped youth to deal with this problem? Wherein has the church failed to minister to modern youth? What are the evidence of sound morality among contemporary youth? What is the prevalent attitude of youth toward the race issue? What reasons can you cite for the serious decline in the number of youth entering the ministry and other full-time church-related vocations?

In charge of planning for the program is Mrs. Adrian Martin, superintendent of the Youth Division.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

TWENTY YEARS AGO  
(January 16, 1945) Heaviest

Snowfall Since Palm Sunday,  
'42, Covers County: Winter  
struck with a vengeance in d-  
ams county today as the sea-  
son's heaviest snowfall — mea-  
suring from 15 to 16 inches by  
1 o'clock this afternoon — con-  
tinued its rapid fall.

Although the snow began to  
fall Monday afternoon shortly  
after noon, it was not until early  
this morning that it reached its  
full intensity, and probably  
three-quarters of the total fall  
came this morning.

J. William Kendlehart Jr.,  
superintendent of the county of-  
fice of the State Highway depart-  
ment, said at noon that the  
snow was "at least 15 inches  
deep," and that it was of the  
same general depth throughout  
the county.

Several local merchants said  
today that they would not in-  
stitute the ration-card system for  
cigarettes, that they would con-  
tinue to sell cigarettes at the  
rate of one package to a cus-  
tomer "as long as our limited  
weekly allotment lasts."

Chicago, Jan. 16 (AP) —  
Cigarettes, which since last fall  
have been one of the nation's  
wartime hard-to-get commodi-  
ties, will be available at the  
rate of about 15 dally to civilians  
under a voluntary rationing sys-  
tem planned by the National  
Association of Tobacco Distribu-  
tors. The association estimated  
the average daily civilian  
consumption last year was  
slightly more than 17 cigarettes.

George M. Zerfing, local hard-  
ware store proprietor, an-  
nounced today that he has pur-  
chased the stock and fixtures  
of the C. L. Mehning hardware  
store at 25 South Queen street,  
Littlestown.

The Mehning business was part  
of the estate of the late C. L.  
Mehning, Littlestown. Mr. Zer-  
fing said he plans no chances  
for the immediate future. The  
Littlestown business will be con-  
tinued under the management  
of Nevin Kump.

Miss Ruth Annetta Martin,  
daughter of Mr. and Mrs.  
George R. Martin, West High  
street, was graduated from the  
West Chester State Teachers'  
college at commencement exer-  
cises held Thursday morning  
on the campus. She received the  
degree of bachelor of science in  
music education.

Mares Sherman, chairman of  
the Retail division of the Gettys-  
burg Chamber of Commerce  
today appealed to all merchants  
to cooperate with the federal  
government in the conservation  
of fuel and electricity. He has  
asked a town-wide observance  
of the federal appeal.

Mr. Sherman said that a num-  
ber of merchants have already  
pledged their cooperation and  
that they will extinguish all out-  
door signs and window displays  
as soon as their stores close for  
business each day.

"This seems to be the popular  
method of conserving fuel and  
electricity," Mr. Sherman said.  
"We feel that it is not the in-  
tention of the government to  
go into a blackout but to observe  
what is now referred to as a  
'brownout' in business and  
other areas."

Because of the serious illness  
of Robert Myers, cashier of the  
First National Bank, Fairfield,  
Harry L. Snyder, vice president  
of the First National bank of  
Gettysburg, has been loaned to  
the Fairfield institution to as-

## Today's Talk

RELAX!  
Even a machine runs better,  
and lasts longer, because of  
periodic rests. You can't see a  
tree growing but every minute  
it does, and make note how it  
lasts! I once stood spellbound  
before one of those sequoias in  
California that was old when  
Christ was born.

That body of yours is the  
most wonderfully constructed  
and conceived of all the crea-  
tions in this world. Its heart,  
which is the main engine of  
your body, takes a rest after  
each beat. Isn't that a lesson  
worth bearing in mind? Drive  
it and it goes faster and there-  
fore increases its number of  
rests to the disadvantage of  
itself. Relax and it gains and  
stores strength.

Fear and worry are man's  
worst enemies. They allow no  
happy relaxation. The mind  
flows in thought when the body  
rests. There is than a whole  
some cooperation that gives the  
same effect as watering a gar-  
den. People who never relax  
fail to glow with a spring and  
a sparkle to their personality.

Mary Webb, the English writ-  
er depicted a most unusual  
character in her book "Precious  
Bane." His name was Gideon,  
and he drove himself night and  
day that he might gain a har-  
vest and later buy a fine house  
and have money and standing.  
But it came to naught. Had he  
relaxed, gained joy from his  
labor, and not been led by greed,  
his would have been a different  
story.

Some years ago there were  
two American books that had a  
very large and unusual sale —  
"Peace of Mind" and "Peace  
of Soul." I believe the titles had  
a great deal to do with the  
popularity of the books, for  
these are what most people so  
earnestly seek — peace of mind  
and soul. We can gain neither,  
however, unless we relax, take  
time to think and meditate, and  
seek beyond material rewards.

We must not lose track  
of life's great values — the ones  
that give to us peace and hope,  
and which are the mainstays to  
character and personal happi-  
ness. Material gains can be  
wiped out in quick order, but  
those values that are spiritual  
give substance to life, and an  
enrichment which cannot be  
taken from one. Relax and make  
friends with yourself!

## Just Folks

Not far away is spring, they say,  
And back of April, gentle May,  
But life is lived from day to day  
And faith is needed now!  
Now strength is needed! Young  
and old

Today must brave the winter cold,  
And wake at morning to be held  
Bleak field and barren bough.

'Tis good to know the streams  
will flow  
And laughing, dancing seawards  
go,  
But now the biting north winds  
blow  
And snow lies deep today.

Today the call for all is made  
To wake to duty unafraid,  
And as stout hearts have worked  
and prayed,  
Today to work and pray.

Sonn tree and flower and glade  
and bower  
Will come to their triumph hour,  
But now the clouds of winter lour  
And now the skies are gray.  
Where roses blossomed lies the  
snow,  
And cruel are the winds that  
blow,  
And strength is needed now, and  
so  
God grant us strength today.

### PROGRESS ON BICENTENNIAL BOOK IS MADE

The cover design and format  
for the historical program book  
were submitted to the book com-  
mittee on Tuesday evening by the  
publisher's consultant of the  
American Yearbook Company,  
who have contracted to publish  
the Littlestown bicentennial book  
in conjunction with the 200th  
anniversary of the community in  
August.

The writing of the history has  
been completed with a few ex-  
ceptions which will be finished  
during the coming weekend. The  
deadline for submitting pictures  
or source material for the his-  
tory will be Monday, February  
1. This does not include the ma-  
terial about which the commit-  
tee has already been notified,  
nor the pictures and historical  
references which business and in-  
dustry may plan to incorporate  
in their advertising.

The introduction must be in the  
hands of the printer by February  
15 and the entire layout must be  
completed a few weeks later. It  
is necessary to have all material  
available before the layout is be-  
gun.

Victor Reynolds, chairman of  
the advertising solicitation com-  
mittee, attended the meeting. All  
local business and industry will  
be contacted by letter with a  
followup during February. It is  
hoped that as much history will  
be in the ads as possible, either  
in words or in pictures. The com-  
mittee will be available to help  
write the ads, if requested.

Mrs. Leroy W. Bish, chairman  
of the advance sales campaign,  
was also in attendance. Neal  
Layser, publisher's consultant,  
will meet with Mrs. Bish's com-  
mittee on Monday, February 8,  
at 8 p.m. in the Jaycees' meet-  
ing room at the Community Center.  
The advance sales campaign will  
be conducted in March so that  
when the book goes to press the  
number of copies to be secured  
can be ascertained.

There will be an executive com-  
mittee meeting at 8 o'clock this  
evening. Various committee chair-  
men are scheduled to be present  
throughout the evening. The com-  
mittee will also examine the ini-  
tial artists' designs for the program  
book.

### LHS PEP BAND WILL PERFORM

The special half time entertain-  
ment has been announced for the  
benefit basketball games to be  
played on Saturday evening,  
February 6, in the Littlestown  
High School gymnasium.

The LHS Pep Band will present  
several numbers, there will be  
selections by the "Energetic  
Academics," composed of these  
Senior girls, Linda Hess, Linda  
Senz, Patty Little, Doreen  
Haines, Joyce Kershner and Judy  
Koonz. There will be a twirling  
exhibit by the high school Blue  
Band majorettes, Judy Koonz,  
Darlene Barnes, Sally Bankert,  
Sharon Zumbur, Martha Rit-  
ter, Sally Mehning and Suzanne  
Collins.

The first game will begin at  
7 p.m. and will be played be-  
tween the Littlestown High School  
faculty and Coldsmith Roofers  
of the Gettysburg Community  
Basketball League. In the sec-  
ond contest, starting at 8 p.m.,  
the local high school alumni team  
will oppose the New Oxford All-  
Stars.

Proceeds will go to establishing  
a youth room at the Community  
Center. Tickets are 35 cents for  
students and \$1 for adults. Tickets  
may be secured from any member  
of the alumni team or the fol-  
lowing place of business: Boydie's  
Sandwich Bar, Berkheimer's Elec-  
trical, Village Chevrolet, Inc., Lit-  
tlestown National Bank, Dut-  
terer's Restaurant and Marvin's  
Cut-Rate Store.

### Sorority To Hold Dinner March 2

Mrs. Bernard W. Little, W. King  
St., was hostess to the Eta Tau  
chapter of the Beta Sigma Phi  
sorority for the monthly bathing  
on Tuesday evening. Mrs. Rich-

topic "Your Day Socially." The  
topic "Voice and Vocabulary Re-  
flect" was given by Mrs. Little.  
Mrs. Richard N. Greenholt,  
president, presided for the busi-  
ness and heard routine reports.  
Plans were made to have a din-  
ner gathering on Tuesday eve-  
ning, March 2, at William's  
Hotel, to be followed with the  
ritual of jewels ceremony at the  
home of Mrs. Greenholt. The rit-  
ual will be conferred upon Mrs.  
Robert Staley and Mrs. Robert  
C. Lyon.

It was announced that the next  
meeting will be held Tuesday,  
February 23, at 8 p.m. at the  
home of Mrs. Gary L. Mum-  
mert, Littlestown R. 2. Mrs. Otto  
"Expressing Yourself" and Mrs.  
C. Sells will present the program  
Gene R. Renner will have the  
topic "Let's Match Wits."  
During the social hour, refresh-  
ments were served by Mrs. Lit-  
tle.

## CHURCHWOMEN HOLD ELECTION

Election of officers took place  
at the January meeting of the  
Abigail Kammerer Circle of Lu-  
theran Church Women of St.  
Paul's Church on Tuesday eve-  
ning at the church. Results of the  
election follow: President, Mrs.  
Charles E. Rabenstein; vice pre-  
sident, Mrs. George Schaefer; se-  
cretary, Mrs. Graham T. Rinehart;  
assistant secretary, Mrs. Paul C.  
Mayers; treasurer, Mrs. L. Robert  
Snyder.

These members were appointed  
in charge of the altar flowers for  
February: Sunday, February 7,  
Mrs. Schaefer; February 14, Mrs.  
Carl H. Baumgardner; February  
21, Mrs. Rabenstein, and Febru-  
ary 28, Mrs. Kenneth Bucher.  
Mrs. Milton Harner, Mrs. May-  
ers, Mrs. Rabenstein, Mrs.  
Charles E. Ritter, Mrs. Schaefer  
and Mrs. Clinton O. Sentz were  
named to serve as hostesses at the  
LCW convention on April 24 at  
Gettysburg College.

The retiring president, Mrs.  
Harner, called for reports from  
Mrs. Clyde Miller, a retiring  
secretary, and Mrs. Snyder, treas-  
urer. It was announced that the  
group will meet again on Tuesday,  
February 23, at the church.

The topic, "What's Happening  
to Spanish Americans; What's  
Happening to Spanish Lutheran  
Americans?" was presented by  
Mrs. Ritter assisted by Mrs. Sen-  
tz, Mrs. Baumgardner, Mrs. Mayers  
and Mrs. Rabenstein. The latter  
narrated a film strip "Amigos  
Latinos."

## Contract Dispute Delays Space Crew

CAPE KENNEDY, Fla. (AP) —  
Several hundred construction  
workers failed to report for  
work at this space center's  
moon launching area today in  
an apparent contract dispute.  
A spokesman for the building  
trades unions said workers were  
at odds with a contract provi-  
sion involving a device called  
the crawler. The crawler trans-

an 11x15" replica of the Camp  
Happy Valley campsite. The  
group discussed the project for  
the Apple Valley District display  
on Saturday, February 27, in Han-  
over. The girls will work on the  
display of the different types of  
campfires at the next meeting  
on Tuesday, February 10, at 6:30  
p.m. in the Community Center.

## Says Hawbaker Not Demoted

Senator James S. Berger, presi-  
dent pro tempore of the Senate  
of Pennsylvania, said today that  
reports terming Senator D. Elmer  
Hawbaker's committee assign-  
ments as a demotion are "erro-  
neous and without foundation."

He said that there are several  
reasons for assigning Senator  
Hawbaker (R-Adams) to just one  
chairmanship this year, but that  
none of them reflect on the caliber  
of his work, which Berger char-  
acterized as "exemplary."

Senator Berger, who made the  
committee assignments, said that  
no member of the Senate heads  
more than one committee under  
the new alignment announced  
this week.

He explained that some veteran  
legislators were appointed chair-  
man of two committees when as-  
signments were last made two  
years ago. "This was necessary  
because there were so many  
freshman senators at that time  
and because new senators are  
traditionally not assigned to head  
committees."

Senator Hawbaker represents  
the 33rd Senatorial District, which  
includes Franklin and Adams  
Counties. He was elected to the  
upper house of the General As-  
sembly in 1960 and re-elected last  
November.

HARRISBURG (AP) — The  
Democratic auditor general's of-  
fice has rejected payment of a  
\$1,554 bill for new draperies in  
the Republican governor's re-  
ception room.

A spokesman in the office of  
Auditor General Thomas Z.  
Minehart listed three reasons  
for the rejection: The purchase  
was not offered for competitive  
bids; such items are available  
from state industries for the  
blind, and no emergency was  
involved.

Holding the unpaid bill is the  
Harrisburg firm of Windsor  
House Interiors.

Wayne W. Tobias, director of  
the Bureau of Disbursements in  
the auditor general's office, said  
the purchase had been repre-  
sented as a hurry-up job for the  
benefit of a recent reception of  
the Daughters of the American  
Revolution. Tobias said he  
couldn't construe such reason-  
ing as an emergency.

Barring some other develop-  
ment, the only recourse open  
now is an appeal from the au-  
ditor's ruling to the board of ar-  
bitration and claims.

The governor's office had no  
comment.

TOKYO (AP) —Prime Minis-  
ter Eisaku Sato said today he  
does not believe it is necessary  
to extend the U.S.-Japan Secu-  
rity Treaty formally until 1980 to  
match the expiration date of the  
Soviet - Communist Chinese  
friendship pact.

## Undefeated Shippensburg And Warriors Clash Here Friday In Crucial Game

All indications point to a standing room only crowd here Friday evening when the Gettysburg High dribblers tangle with Shippensburg, first-half Blue Mountain League titlists.

Shippensburg swept through undefeated in taking the first-half championship with a 9-0 record, including a 65-54 win over the Warriors at Shippensburg and opened its second-half schedule with a 64-59 extra period win at Biglerville.

Snapping the 10-game winning skein of the Greyhounds will be no mean task for Coach Merrill Eckhart's boys. Shippensburg has the league's top scorer in John Wyrick who is backed up by strong performers in Bill Burke, Ron Mellott, Bob Yocum and Ron Pelka.

### VICTORY NEEDED

The Warriors, who are 7-4 overall, won their second-half opener at Northern on Tuesday. They stand as the biggest obstacle in the Hounds' path to second-half honors and the Warriors must win if they are to be contenders.

Gettysburg's jayvees, 9-1, will be out to repeat a win at Shippensburg in the preliminary at 6:45.

Biglerville, a one-point victor over Susquehanna in the first half, will battle the Blackhaws at Per-dix.

In the Adams-Franklin League New Oxford (6-2) is at Fairfield (6-8); Bermudian (1-7) at Little-town (4-3); and St. Thomas (3-4) at Scotland (7-1).

**SQUIRES FACE TEST**

Another overhyped crowd is expected at McSherrytown Friday night where Delone entertains Bishop McDevitt in a first-half game of the Central Penn Catholic League.

Delone and Shamokin Lourdes are tied for first place with 4-1 records while McDevitt, perennial league champion, is 3-1.

Completing the CPCL schedule Friday will be the following games: Shamokin at York and Trinity at Lebanon.

## SAUER CENTER IN NEW TUSSE

AUSTIN, Tex. (AP) — The war between the colleges and the professional football clubs over early signings focused today on George Sauer Jr., Texas pass receiver who says he wants to forego his final year of college to sign with the New York Jets.

Sauer's choice is complicated by the strong objection of Texas Coach Darrell Royal to the signing. Royal says officials of the Jets promise they won't sign Sauer without the coach's consent.

The Longhorn end, son of the Jets' director of player personnel, is considered a first-rate prospect. The senior Sauer once coached football at Baylor.

Young Sauer said Tuesday he wants to play pro ball next fall if the Jets, of the American Football League, will sign him. A math major, Sauer said he would carry 15 semester hours (usually five courses) this spring, then he hopes to finish his senior year and get his degree next spring.

Weeb Ewbank, the Jets' coach and general manager, denied Wednesday the club had offered Sauer a pro contract or had made any official overtures to sign him.

## BILL CROTHERS SEEKS TRIPLE WIN TONIGHT

Associated Press Sports Writer  
NEW YORK (AP) — Bill Crothers, the near-sighted pharmacist from Toronto, scored a double last weekend and tonight starts his quest for a rare track triple.

Crothers, 800-meter silver medalist in the Tokyo Olympics and one of the most impressive runners of the young indoor season, opens a three-day, three-city weekend tonight when he takes the favorite's role into the 880-yard run in the 58th edition of the Wanamaker-Millrose Games.

He's also scheduled to run in the 600 yards in the Telegram-Maple Leaf Games in Toronto Friday night, along with anchoring a relay team, and in the 600 in the Boston A.A. Games in Boston Saturday.

"It's no tougher than a workout," shrugged the slim, powerful 24-year-old who wears thick glasses to correct his vision. "I can use the work."

Meet director Fred Schmertz confidently predicts an indoor record for Crothers, and most observers see little to threaten him. He holds the meet mark, an American indoor standard, of 1:50 flat and may be able to trim that by as much as a second.

He is unbeaten indoors this season, winning the 600 in Boston two weeks ago, along with anchoring a winning relay team, and copped both the 600 and 1,000 in Los Angeles last weekend.

## RANGERS WHIP BOSTON BRUINS

NEW YORK (AP) — Ulf Sterner skated in on Boston goalie Ed Johnston, drew back his stick and fired a 15-footer past the beleaguered Bruin netminder. He raised his stick in hockey's traditional salute to a goal, but he was the only one doing it.

"When I turned around and saw the other players with their sticks on the ice instead of in the air, I realized it wasn't a goal," said Sterner. It was the only disappointing moment of the night for the first player ever born and trained in Europe to play in the National Hockey League.

The New York Rangers celebrated Sterner's NHL debut Wednesday night with a 5-2 victory over the Bruins. In the only other game played, Montreal blanked Chicago 2-0.

The 23-year-old Swede took a full turn at center and would have had his first big league goal but for a whistle just a moment before he shot the puck. He was on the ice for two of New York's five goals.

## BULLETS AND CELTICS WIN

By THE ASSOCIATED PRESS  
The lowly Detroit Pistons aren't sitting back and letting the Boston Celtics do all of the winning in the National Basketball Association.

Like the Celtics, the Pistons have a three-game winning streak following their 122-108 triumph over the Baltimore Bullets Wednesday night.

The Celtics won their third straight by dumping Philadelphia 115-98. In other games, St. Louis whipped New York 117-100 and Los Angeles turned back Cincinnati 119-112.

Of course, the difference between the Pistons and the Celtics is that before their present three-game streak, Boston won 23 of 25 games.

That gives the Eastern Division leaders a phenomenal record of 44-8 compared with 20-33 for Detroit, which is lodged in fourth place in the West.

Miss Sue Davis, Bendersville, is scheduled to be in the starting lineup for the women's basketball team at Susquehanna University when it opens its season against Shippensburg February 4. Miss Davis, daughter of Mrs. Maybelle Davis, Bendersville, is a Junior. She is a goalie for Susquehanna's women's field hockey team and plays intramural softball and volleyball. Miss Davis graduated from Biglerville High School in 1962 where she was active in sports.

## RODRIGUEZ TO DEFEND CROWN

By RON BERGMAN  
SAN FRANCISCO (AP) — Puerto Rican Juan (Chi Chi) Rodriguez set out today in defense of his title of the \$57,500 Lucky International Open Golf Tournament after a special ruling erased a threat to his career.

Little Chi Chi thought for a time he might be through as a pro until tournament director Jack Tuthill of the Professional Golfers' Association decreed the 120-pound peppercorn may wear a special brace for his permanently injured left thumb during PGA events.

PGA rules prohibit a golfer using a device "designed to give the player artificial aid in gripping or swinging the club."

Tuthill said it doesn't apply to the brace and Rodriguez said that without it, "I can't play golf."

Chi Chi shot a one-over-par 72 in Wednesday's pro-amateur prelude on the Harding Park Municipal course, a 36-55 71 layout extending 6,733 yards. He and his three amateur partners tied for first in the pro-amateur division with a best-ball 58.

## BEARCATS ARE UPSET 61 TO 59 BY ST. JOSEPH

By TED MEIER

Associated Press Sports Writer  
Jim Holstein paid a visit to his alma mater, the University of Cincinnati, Wednesday night. The Bearcats probably wished he had stayed in Rensselaer, Ind.

Holstein brought his St. Joseph's College of Indiana team with him and the unranked small-college Pumas upset the Missouri Valley Conference Bearcats 61-59 in one of the biggest surprises of the college basketball season.

Little 5-foot-10 Tom Crowley won the game for the Pumas with a layup in the last two seconds after Cincinnati had tied the score at 59-59 on Ken Cunningham's free throw with 11 seconds on the clock.

### PLAYED WITH CATS

It was a most satisfying victory for Holstein, who played for the Bearcats 14 years ago and is in his sixth year as coach of the Pumas.

The Pumas' unexpected triumph overshadowed the 117-90 romp of the St. Joseph's College Hawks of Philadelphia over touring Centenary.

The third-ranked Hawks, the only team of The Associated Press Top Ten to see action, upped their record to 16-1 and made it a milestone in the career of coach Jack Ramsay. It was the 200th victory against 65 defeats for Ramsay, in his 10th season as coach of the Hawks.

### PACES HAWKS

Cliff Anderson's 27 points paced the Hawks to their sixth straight since losing to Providence. Tommy Kerwin's 30 points led the Gents from Shreveport. It was the first game of a doubleheader at the Palestra. Villanova crushed Penn 75-46 in the second game.

Big 6-11 Hank Finkel scored 28 points and grabbed 25 rebounds to lead the Dayton Flyers to a 88-72 home court triumph over Canisius. Sophomore Wes Bialosuknia of Poughkeepsie, N.Y., with 18 points, led Connecticut over Temple 71-60 at Storrs.

Alabama went two overtimes to defeat Georgia 72-67 and Arizona crushed Arizona State College 89-63.

## Former Mayor On Trial Again

READING, Pa. (AP) — Former Mayor John C. Kubacki, acquitted on an extortion charge Wednesday, goes on trial today on another charge of extortion, this one involving Mrs. Angeline Wilkerson, who has been convicted of running a bawdy house.

Kubacki was acquitted by a jury involving an alleged \$500 kickback from the A. W. Golden automobile agency in return for the city's purchase of two police emergency trucks.

Kubacki, Benny Bonanno and Abe Minker are charged with extortion in the Wilkerson case. Bonanno and Minker are convicted gamblers.

## RICK BARRY TOP SCORER

NEW YORK (AP) — Who is going to beat out Rick Barry for the major-college basketball scoring championship this season if the University of Miami, Fla., star keeps swishing the net at his current pace?

No one — well, maybe two — according to the latest weekly statistics released today by the National Collegiate Athletic Bureau. These show the 6-foot-7 senior from Roselle Park, N.J., again in first place with an average of 37.4 on 598 points in 16 games.

Only runner-up Wayne Estes of Utah State and third place Bill Bradley of Princeton, with averages of 32.1 and 31.7, respectively, are given an outside chance of passing Barry.

To do it Estes would have to average 46 points and Bradley 45.4 in their remaining 10 regular season games. Even if Barry slumped and averaged only 25 points in his last 10 regular season games Estes still would have to average 33.6 and Bradley 34.1 to gain the No. 1 spot.

## Speedway To Map Plans For 1965

The Lincoln Speedway, New Oxford, will hold a meeting for stock car drivers and owners next Tuesday at the Elks home, Hanover, starting at 8:30 p.m.

Engine and car specifications for sportsman-modified and late model cars will be discussed. Track rules and regulations also will be made clear for the coming season.

Many other subjects important to drivers and owners will be brought before the meeting.

The Lincoln Speedway will be represented at the meeting by the promoter, Hilly Rife; chief steward, Lauren Sheely, and the entire group of track officials employed at the track for the weekly Saturday night races.

The Lincoln Speedway plans an early spring meeting, the date to be announced in the near future.

## M'COVEY SIGNS AND SAYS HE'S "FEELING FIT"

By THE ASSOCIATED PRESS

The San Francisco Giants hope better feet will mean bigger hits for Willie McCovey in the coming baseball season.

McCovey signed his contract Wednesday and said he feels fit, a healthy improvement over last year when he was plagued with injuries to his feet and legs.

The mammoth outfielder reportedly accepted a cut in pay following a season in which he batted .220 and hit 18 homers. He said he had been taking treatments for his feet and is looking forward to spring training.

### KUBEK AGREES

Shortstop Tony Kubek, also hit with injuries in 1964, agreed to terms with the New York Yankees. He hit a career low of .229 last year and missed the World Series because of a sprained right hand. First baseman Mike Hegan also signed with the Yankees.

The Philadelphia Phillies, who just missed meeting the Yankees in the Series, announced the signing of four players, including catcher Clay Dalrymple. The others are outfielder Alex Johnson and pitchers Rick Wise and Dick Beck.

Cincinnati also signed four players — pitchers Billy McCool and Gerry Arrigo, first baseman Gordie Coleman and shortstop Leo Cardenas.

## 4 TEAMS ARE YET UNBEATEN

KANSAS CITY (AP) — Only four teams are left in the NAIA basketball unbeaten ranks after Lacrosse lost to Northern Illinois 77-60 Tuesday night.

The perfect record teams are Arkansas AM&N with 16-0, Fairmont State, W.Va., 14-0, Central Ohio State 13-0 and Cheyenne, Pa., State 8-0.

A total of 29 NAIA teams have absorbed only two or fewer losses. Ten teams have taken only one defeat and 15 more have lost only twice.

Georgia Southern has won nine straight for an 11-3 record and Northern Michigan reached a season peak Saturday by upsetting Oklahoma 75-74.

The 10 teams with only one defeat are Augsburg, Minn., 15-1; High Point, N.C., 15-1; Gannon, Pa., 14-1; Indiana Tech 14-1; Philadelphia Textile 12-1; Lacrosse, Wis., State 12-1; Plattsburg, N.Y., State 11-1; Salem, Mass., State 11-1; Buffalo, N.Y. State 10-1, and New Haven, Conn., 8-1.

## EVANSVILLE HOLDS LEAD IN LITTLE TEN

By THE ASSOCIATED PRESS

Undefeated Central State of Ohio and once-beaten Philadelphia Textile gained considerable ground in the latest weekly Associated Press small-college basketball poll.

Evansville, 15-0, still topped the balloting followed by High Point, 15-1.

Central State, tied for ninth place a week ago, rushed up to grab third place on a strength of a 67-59 conquest of Wittenberg which lifted its record to 13-0. The defeat dropped Wittenberg from sixth to ninth.

Philadelphia Textile advanced four notches to the No. 4 spot after beating Lincoln, Pa., Central Connecticut and New Paltz last week for a 12-1 mark.

## HORNETS WIN IN OVERTIME

By THE ASSOCIATED PRESS

Vic Stasiuk, player-coach of the American Hockey League's Pittsburgh Hornets, doesn't believe in just telling his players how to score goals — he shows them.

Stasiuk's club was trailing 5-2 going into the last period against Hershey Wednesday night but before the coach was through, the Hornets had a 6-5 overtime victory.

Stasiuk's first goal, midway through the period, narrowed the gap to a single goal. After Lou Maroon tied it on a breakaway goal in the last two minutes, Stasiuk hit again in the overtime period to win it.

In Wednesday's only other AHL game, the league's leading scorer, Buffalo's Len Lundie, hit twice as the Bisons whacked Providence 5-1. The goals were the 31st and 32nd of the season for Lundie.

COLLEGE PARK, Md. (AP) — For the second time in two weeks, assistant football coach Carroll Huntress of the University of Maryland is in the running for a head coaching job.

Huntress, an aide to Tom Nugent here since 1960, is one of five finalists being considered for the coaching vacancy at Bucknell University. He previously was considered for the post at Lehigh University which eventually went to Fred Dunlap.

## F. PATTERSON FIGHTS BETTER NOW, HE SAYS

By JACK HAND

Associated Press Sports Writer  
MARLBORO, N.Y. (AP) — Floyd Patterson may be a millionaire but he still considers himself a hungry fighter.

"You can be hungry for more things than money," Patterson said Wednesday at his training camp. "There are things like vindication, victory and things like that."

"I feel these things are enough to make me hungry. I can't be considered hungry for money any more. Hunger is something you can't create. It has to be there."

NEVER WON BIG

When they talk about hungry fighters in boxing, they usually mean someone like George Chuvalo who, although he has held the Canadian heavyweight title, never has made it big. The Toronto fighter gets his big chance Monday at Madison Square Garden against the only man who won — and lost — the heavyweight title twice.

Patterson never has seen Chuvalo fight but he has formed an impression of his opponent while meditating at San Catri, Tony Canzoneri's old camp.

"He is very strong and aggressive," said Patterson. "He throws short, sharp punches. He takes an excellent punch and he is a very good puncher himself. He likes to move ahead and I always find it better to move forward."

RATES SELF HIGHER

"One of us is going to have to give ground. I have tried to go back but it hasn't worked out too well. A man can change his style but when he becomes over tired or is hurt he always will go back to the way he used to fight."

How does Patterson rate the 1965 Patterson with the 21-year-old Patterson who last fought in the Garden in 1956 with Hurricane Jackson?

"I am a lot stronger and I punch harder," he said. "I may have had more motions then. But I am

# N. Y. MAY HEED PLEA TO RAISE DRINKING AGE

By RALEIGH ALLSBROOK  
Associated Press Writer  
NEW YORK (AP)—This could be the year of solution for a teen-age drinking problem that has irritated New York's neighbor states for 20 years.

These states have urged New York time after time to raise its minimum drinking age from 18 to 21.

Minors too young to drink legally in the border states flock into New York. Some have accidents after drinking or get involved in other trouble.

Despite campaigns, hearings and a lot of talk, New York has stuck with the age provision it adopted in 1934.

## PICTURE MAY CHANGE

This year, however, with the legislature under Democratic control for the first time in nearly three decades, the picture might change.

Last month an advisory task force of the Democratic state committee made raising the drinking age to 21 one of its 1965 legislative recommendations.

Whether Gov. Nelson A. Rockefeller would sign such a bill is a question, however. The Democrats do not have the two-thirds majorities needed to override a veto.

## GOV. HUGHES' CAMPAIGN

Adding emphasis to the fight this year is a new campaign launched by Gov. Richard J. Hughes of New Jersey.

Ned J. Parsekian, former director of the New Jersey division of motor vehicles, will serve as Hughes' special representative in the drive. He plans

to confer with governors of the other border states—Pennsylvania, Connecticut, Massachusetts, Vermont—and possibly set up a conference.

In the past three years alone, Hughes said, car accidents caused by minors returning to New Jersey after drinking in New York killed 24 persons and injured 33 others.

## CHURCHES OPPOSE LAW

Among New York forces already opposing the present law is the New York State Council of Churches. It recently issued a map showing to what extent places selling alcoholic beverages have sprung up in the New York border areas.

In six Westchester County towns bordering Connecticut, Connecticut, for example, there is a liquor license for every 76 persons, although the council says the state average is 275. Towns in Steuben County on the Pennsylvania border have one license for every 58 persons.

## BORDER TOWN FIGHTS

Many of New York's border towns complain of drunken out-of-state youths fighting, driving recklessly, cursing and causing other disorders.

State Sen. Samuel L. Greenberg, a Brooklyn Democrat, has entered a bill making it illegal for bartenders to serve out-of-state minors too young to drink in their home states.

So far, the measure has drawn mixed, but predominantly skeptical reaction. Hughes, among others, said he didn't think it would work.

# A Lovelier You

By MARY SUE MILLER

Very often you can come closer to guessing a woman's age by the appearance of her throat than of her face. Unless a throat is smooth, firm and limber, it is scandalously aging.

Poor posture is the chief culprit in the aging process. And the main posture fault is letting the neck telescope into the shoulders. The pose leads to the loss of muscle tone, and then lined crepey skin and limited mobility just naturally follow.

The neck must be tautly drawn upward—out of the shoulders—if its youth is to survive. Happily it is never too late to establish the habit. Once you do, it acts both to prevent and to remedy deterioration.

When the throat is already in a flaccid condition, a few simple exercises aid the cause. Those following strengthen the muscles, increase circulation and assist proper posture:

1. Stand erect and clasp hands

SHREVEPORT, La. (AP) — Jean Despujols, 78, an internationally known artist, who came to the United States after his native France fell to the Germans in World War II, died Tuesday. He was best known for his series of 360 paintings of Indochina, done under commission of the French government between 1936 and 1938.

atop head. Press down with hands and push up with neck—push hard, fighting pressure with neck muscles. Continue for several seconds; then relax and repeat twice.

2. Standing erect, pull shoulders down and tip chin up. By rolling head to left, try to touch tip of chin to left shoulder. Roll back to starting position and repeat to right. Without stopping, continue for 10 counts.

If you can cream your throat before workouts, so much the better. Do cream it at bedtime in any event.

# Doctor Delivers Baby In Costume

CODY, Wyo. (AP) — Patients and attendants at a Cody hospital were a little astonished when Dr. DeWitt Dominick rushed in to deliver a baby.

Dr. Dominick was on stage at the Cody Rotary Club minstrel show when the emergency call came from the hospital. He didn't bother to remove his blackface makeup before rushing to the hospital.

# Expert Urges Care In Using Makeup

SALEM, Mass. (AP) — For women who want to apply makeup and have it look right in daylight, Elizabeth Meehan, residential lighting consultant for Sylvania, has the answer.

She says natural white fluorescent has the closest balance to daylight — better than other types of bulbs or other colors. And for goodness sake, Miss Meehan says, don't use candlelight.

# Hospital Is Scene Of Special Dates

LARNED, Kan. (AP) — Mr. and Mrs. Roy England of Larned are becoming accustomed to celebrating special occasions in a hospital.

They celebrated their silver wedding anniversary in a waiting room of a hospital where England was recovering from surgery.

A few months earlier their daughter was married in a hospital because mothers of the bride and groom were patients there.

## Johnson Abandons Plans For Churchill Funeral; Ike To Accompany Rusk

By FRANK CORMIER  
WASHINGTON (AP)—President Johnson, heeding medical advice that he abandon hope of attending Sir Winston Churchill's funeral, has confessed "I don't have the bouncy feeling that I usually have."  
Johnson, who said he hoped to get to his office sometime today, summoned seven reporters to his bedroom Wednesday night to announce he wouldn't be flying to London.  
Instead, he said, the United States will be represented by Secretary of State Dean Rusk, Chief Justice Earl Warren and David K. E. Bruce, the American ambassador to Britain.  
In addition, he noted, such distinguished private citizens as former President Dwight D. Eisenhower would be present as guests of the Churchill family. Eisenhower was to fly to London with Rusk and the others.  
**ENDED SPECULATION**  
Johnson's announcement ended three days of speculation prompted by his own statement Sunday that he wanted "very, very much" to go to the Churchill funeral. His stay-at-home decision came as a surprise to many newsmen who had got the impression from White House medical reports that Johnson was feeling himself again.  
The newsmen who saw the President agreed he looked sicker than they had expected. Hair disheveled, he lay in a four-poster, canopied bed speaking softly, coughing lightly from time to time and blowing his nose.  
**DOCTOR'S ORDERS**  
Standing in one corner were three doctors who had just given him a checkup and some advice to do no immediate traveling. They were Rear Adm. George G. Burkley, the President's personal physician; Navy Capt. James Young, an assist-

ant to Burkley, and Dr. W. J. Gould, a New York throat specialist.  
Johnson greeted the newsmen by saying:  
"I have just been examined and gone over by Dr. Burkley and the other doctors here and it is their judgment that while I have made a substantial recovery from the virus infection, they would consider it inadvisable for me to undertake a long trip where I would be exposed, as I would be on the London trip, at this time." He said he was "feeling fairly good" but still coughed, had a runny nose and some throat irritation.  
**LACKS 'BOUNCE'**  
"I don't have the bouncy feeling that I usually have," he reported, and added that the doctors wanted him to "take it easy for a few days on the theory that I am susceptible to a reinfection."  
One reporter asked if there were any special reason why he had chosen Rusk rather than Vice President Hubert H. Humphrey to head the American delegation at the funeral.  
"No," he replied.

## ANN SOTHERN IS RETURNING TO TELEVISION

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—After an absence of several seasons, Ann Sothern is returning to television next month, presumably for only a brief visit. She will guest star in three episodes of CBS' "The Lucy Show," playing the widowed Countess Framboise of Paris, born Rosie Harrigan and Lucy's old school chum.  
Although Miss Sothern neither confirms nor denies rumor persists — has since last summer — that with Vivian Vance determined to retire from the long-playing Lucille Ball comedy series, there is a chance that Ann, in her new, noble character, will move into Vivian's old quarters in Lucy's house next season.  
"Heavens," exclaimed the blonde actress blandly, "Lucy hasn't even said yet whether there will be a 'Lucy Show' next season."  
But with "The Lucy Show" consistently in the Nielsen top 10 the only thing needed is Miss Ball's not to insure another season.  
**LIKELY TO GO**  
Network television is now in its annual 10 days of agonizing decision as its programmers nail down next season's schedules.  
Among the shows which appear likely to succumb at season's end are ABC's "Wagon Train," "Bing Crosby Show," "Valentine's Day," "Burke's Law" and "Wendy and Me." September will probably find "Hazel," "Karen," "Mr. Magoo," "The Rogues" and "Kentucky Jones" missing from NBC's lineup.  
And among CBS' projected dropping of 10 shows, there most likely will be "The Cara Williams Show," "Bailey's of Balboa," "The Entertainers," "My Living Doll," "The Joey Bishop Show."

Recommended tonight: "Young People's Concert," CBS, 8-9 (Eastern Standard Time) — Leonard Bernstein and the New York Philharmonic Orchestra with some young talented soloists; "The Magnificent Yankee," NBC, 9:30-11 — Alfred Lunt and Lynn Fontanne play Supreme Court Justice Oliver Wendell Holmes and his wife in a series of biographical vignettes covering a 30-year period.

## Old Rate Dispute Goes Back To ICC

WASHINGTON (AP)—An 11-year-old railroad rate controversy was back in the lap of the Interstate Commerce Commission today. A three-judge federal court dropped it there after overturning an ICC order for a new division of freight charges among railroads hauling freight across country.  
The court ruled in Los Angeles Monday that the ICC must reconsider the decision, taking into consideration the effects of the new division of revenues on railroads involved as well as the financial needs of the railroads.  
Under the ICC decision of March 28, 1963, eastern and midwestern railroads stood to win a bigger share of the charges on trans-continental freight shipped part way on their lines. The decision would have meant an increase of as much as \$50 million in annual revenues for the eastern and midwestern roads—and a corresponding loss for western lines. Western railroads protested and the court stayed the ICC order.  
Navy footballers scored only 140 points last season while allowing the opposition 185 points. They won three of 10 games.

## FBI Is Asked To Probe Red Infiltration Into Union Of Dock Workers

BALTIMORE, Md. (AP)—A front strike to damage the nation's economy.  
"I propose to request the FBI to look into both the New York and Baltimore situations and anywhere else there were indications of subversive activities," Reynolds said.  
**SOME AGREE**  
New York dock workers at first rejected the agreement, then ratified it last Thursday. There was hope that negotiators representing some 6,000 workers from Brownsville, Tex., to Lake Charles, La., would reach an agreement with shipowners shortly. But informed sources said it was doubtful that any agreement would be reached until at least Friday, because of a deadlock over guaranteed gang sizes.  
Negotiators in New Orleans reached agreement Wednesday on a new contract and union spokesmen indicated the membership would vote on it Friday.

## COMPETITION IS URGED FOR U. S. UTILITIES

MIAMI BEACH, Fla. (AP)—A U.S. senator urged increased competition by publicly owned utilities today as an answer to what he called extensive overcharging by privately owned companies.

"But competition is only part of the answer," Sen. Lee Metcalf, D-Mont., told the closing session of a National Rural Electric Cooperative Association convention in a prepared speech.

"A nation which can compute the outcome of an election when only 2 per cent of the vote is in, which can transmit instructions to a satellite millions of miles from earth, can readily determine the bounds of a fair rate of return for utilities whose regulation rests on their accounting system," he said.

Metcalf said long distance transmission and interconnections by private utilities permit economies of billions of dollars by reduction of reserve capacity and load diversity.

The association's board of directors approved a resolution urging establishment of more publicly owned power plants in an effort to effect large-scale savings for consumers.

### Cherry Blossom Princess Named

WASHINGTON (AP)—Linda Galt Quase, a 19-year-old sophomore at Pennsylvania State University, has been named the 1965 Cherry Blossom Princess of Pennsylvania.

A five-foot-five, 110-pound brunette, brown-eyed Linda was named Wednesday to represent the state in the annual Cherry Blossom Festival in Washington April 4-11.

She is the daughter of Dr. and Mrs. Harold Quase of Kensington, Md.

The state Cherry Blossom Society announced the selection at a reception. The society is composed of Pennsylvanians who work or live in the Washington area.

### Final Ruling In Election Contest

SUNBURY, Pa. (AP)—A lengthy legal battle over the election of Fred E. Hoffman as a Northumberland County commissioner is over.

Judge C. William Kreisher of Columbia County handed down a decision Tuesday quashing a petition by George F. Perles, a Democrat, to contest the election of Hoffman, a Republican.

Hoffman, one of four candidates vying for three commis-

## PAULIST CHOIR SAVED BY PLEA FOR NEW MUSIC

By MARGARET SCHERF  
CHICAGO (AP)—Pleas from devotees of the Paulist Choir from across the nation have given new life to the Chicago singing group and sparked an appeal for a new type of music in the Roman Catholic Church.

An Associated Press story last week reported that the choir might disband because the recent switch from Latin to English in the Roman Catholic Mass had, according to the choir director, "made us unnecessary."

"Letters, telegrams, telephone calls and visitors began pouring in, asking that the choir not be broken up," the Rev. Eugene F. O'Malley, 63, said in an interview Wednesday night.

**STIRRED PUBLIC**  
"It stirred up people all over the country. It was tremendous," said the delighted priest who has directed the choir for 37 years. He had announced his retirement along with the probable dissolution of the choir.

"So the Paulist Choir will continue and I will continue," Father O'Malley said.

However, he said, the choir will not sing until "a new and suitable musical literature" is developed to complement the new English liturgy in the Mass. Father O'Malley said he favors increased participation in the Mass by the laity, for which the changes are designed.

"As a priest I can see the wisdom," the priest said, "but as a musician I am saddened."

### Seek New System To Generate Power

PITTSBURGH (AP)—A handful of pulverized coal heated to 1,800 degrees is powering a television set in an experiment Westinghouse Electric Corp. hopes will lead to the development of a new system for electric power generation.

Westinghouse said today the experiment is being used to demonstrate a 100 watt fuel cell system which converts gases from the powdered coal directly into electricity.

Under a contract provided by the Office of Coal Research, U.S. Department of the Interior, Westinghouse said it hopes to eventually develop a practical generation system for large scale usage.

**PLAN MEMORIAL SERVICE**  
NEW CASTLE, Del. (AP)—A memorial service will be held Saturday for Clayton Douglass Buck, former U.S. senator and two-time governor of Delaware, who died Wednesday at the age of 74.

Buck was one of the two Republican governors who survived the Franklin D. Roosevelt landslide when he was re-elected in 1932. He later called for the people of Delaware to support Roosevelt during the bank crisis, then helped organize agencies to provide work and assistance for the people of his state.

## Pa. Employment Figure Climbs

HARRISBURG (AP)—An estimated 4,390,500 Pennsylvanians had jobs during December for the highest employment total since June, 1960, the State Labor and Industry Department reported Wednesday.

The figure represented an increase of 15,300 workers from November, but much of the gain was attributed to hiring over the Christmas holiday. Still there were 77,900 less Pennsylvanians working a year ago.

Outfielder Don Demeter of the Detroit Tigers played errorless ball in 1964 and extended his streak of errorless games to 228.

## FIREMEN FAIL TO SAVE BABE

MIDDLEBURG, Pa. (AP)—A minister who doubles as volunteer fireman made a valiant effort Wednesday to save the life of an infant trapped in a smoke-filled bedroom.

But the child, nine-month-old Wayne Casner, died a short time later in Community Hospital at nearby Sunbury. He had suffered severe burns.

Mrs. Frank Casner and her other three children were on the first floor of the two-story structure in this Snyder County town when they smelled smoke. They

made their way to safety. The Rev. James H. Gold, pastor of the United Church of Christ here, arrived with fellow firemen.

He borrowed a mask, ran into the smoke-filled bedroom on the second floor, took the baby and handed him to a fireman standing on the porch roof. The pastor escaped injury.

PHILADELPHIA (AP)—A jury of 10 men and two women was completed Wednesday for the trial of Jack Lopinson, 28, on charges of arranging the murders of his wife, Judy, 25, and a business partner, Joseph Malito, 52. The double-murder occurred last June 19 in the basement office of a downtown restaurant operated by the two men.

## LUZERNE CASE HEARD 2ND DAY

HARRISBURG (AP)—The Luzerne County boroughs of West Pittston and Exeter are seeking a change in the school district reorganization plan drawn up by the county school board.

They voiced their appeals to the State Board of Education here Wednesday. It marked the second straight day that the Luzerne County plan had been challenged.

The two boroughs asked the board to reduce from six to four the number of communities to

be included in a proposed consolidated district, labeled Unit 4 under the county plan.

The county plan incorporated the two boroughs, plus Exeter Township, Luzerne County; Exeter Township, Wyoming County; Wyoming Borough, and West Wyoming Borough, both Luzerne County, into one school district.

West Pittston, which took up most of the day in presenting its case to an appeals committee of the board, and Exeter asked that the Wyoming and West Wyoming boroughs be dropped from the proposed unit.

West Pittston argued that the smaller district would provide a more efficient and co-ordinated school program.

## PRESBYTERY OPPOSED TO NEW BUS BILL

Carlisle Presbytery voiced its "strenuous opposition" to the recently introduced state Senate Bill Three "whose provisions would provide tax-supported bus transportation to private and parochial school systems."

Meeting for morning and afternoon sessions Tuesday, at the Christ Presbyterian Church, Camp Hill, the 97 delegates to the south-central Pennsylvania judicatory of the United Presbyterian Church gave virtually unanimous support to the action.

The sessions opened with a service of Holy Communion conducted by the retiring moderator, the Rev. Joseph M. Woods Jr., stated supply minister for the Lower March Greek Church, Gettysburg R. D., and former executive secretary of the United Churches of Greater Harrisburg and Dauphin County.

### ELECT COMMISSIONERS

The merger of the Immanuel Church, Harrisburg, and the Progress Community Church received approval. The call of the newly-formed congregation, the Immanuel-Progress Church, for the services of the Rev. Charles T. Theal as associate minister also was approved. The formal merger ceremonies and the installation will occur on Sunday, February 28, at 7 p.m., in the former Progress Church building. The Rev. Harold R. Eaken is the senior minister of the newly-merged congregation.

In other action, commissioners to the General Assembly of the United Presbyterian Church in the U.S.A. at Columbus, O., and to the Synod of Pennsylvania, June 5-17, at Wilson College, Chambersburg, were elected.

The General Assembly commissioners include the Rev. Mr. Woods. The Synod commissioners include Elder Daniel Skelley, Gettysburg.

### WOMEN TOP GOAL

The Rev. Ralph B. Snyder, minister, St. Andrew's Church, Lebanon, was elected the 1965 chairman of the Council of Presbyteries; the Rev. Mr. Hales was re-elected as permanent clerk; and Elder Charles W. Hall, the 1965 moderator of Presbyteries, was chosen for a three-year term as a ruling elder representative to the Synod's Council.

A ruling Elder, Mrs. C. P. Humer, Second Church, Carlisle, reported that the Carlisle Presbyterian Society surpassed its self-allocated goals for giving by \$1,214 in 1964. A total of \$57,335 was donated, the largest proportion going to the denomination's Boards of National Missions and Christian Education and Commission on Ecumenical Mission and Relations.

The Presbytery approved the pastoral call of the Pine St. Church, Harrisburg, to the Rev. Paul Watson Stauning, minister of the Chestnut Hill Church, near Philadelphia. The Rev. J. Paul Burkhardt II was approved as assistant minister in Christian education with the Paxton Church, Paxtang. He is pursuing graduate studies at Pennsylvania State University and was formerly youth director for the Pennsylvania Sabbath School Association.

The Rev. Bruce H. McDonald was reappointed as supply minister for the Hawley Memorial Church.

### TRADING ACTIVE

NEW YORK (AP)—The stock market continued its irregular progress into record high ground early this afternoon. Trading was active.

Gains ranging from fractions to 1 or 2 points among key stocks provided upside momentum which overcame losses in many sections of the list.

mittee announced the 1965 Camp Michaux program: four junior camps, two junior high conferences, one junior high frontier camp, one senior high conference, for a family camp, and a college briefing conference.

St. Francis Xavier Cadette Girl Scout Troop 786 met in Xavier Hall Tuesday afternoon. Mrs. Spyro G. Pavlantis, a teacher at Gettysburg College, instructed the Scouts in a Greek dance which the Scouts will present at the Juliette Low rally on February 27.

Kay Sneeringer showed pictures and spoke on five symbols of this country. The troop is working on "My Country" badge and will use this as a theme for an exhibit also to be presented at the rally.

Father John Wildeman examined the Seventh Grade Scouts on one step of their Marian Award work. Adults present were Mrs. Pavlantis, Mrs. Lawrence Eckert Jr.; Mrs. Romeo Capozzi, Marian Award consultant, and Mrs. Hallette Harding, leader.

another year of sustained and healthy growth. The unfinished task of prosperous Americans is to build a Great Society."

### URGES EARLY ACTION

Johnson asked the legislators to enact quickly his Great Society building blocks. All were outlined in earlier messages.

They included:

An increase in Social Security cash benefits, hospital care for the aged, doubled antipoverty appropriations, a billion dollars to revive Appalachia, extension of the minimum wage to two million more workers, more aid to education, stepped-up worker training, and improved housing and urban development programs under a new cabinet department.

But his No. 2 request — in order of emphasis in this message — was that Congress remove the 25 per cent gold backing for banks' deposits held by the Federal Reserve System. The similar gold "cover" for the country's currency would be retained.

## FIND TWO MORE YANK SOLDIERS IN VIET SWAMP

SAIGON, South Viet Nam (AP)—The mutilated bodies of two U.S. Army enlisted men were found today, trussed up and weighted by rocks in waist-deep water, near the spot where they disappeared with two companions on a fishing expedition Saturday.

Each had been shot in the back of the head as were their companions, who were found Sunday by a stream near Qui Nhon, 270 miles northeast of Saigon.

### BLAME GUERRILLAS

A U.S. military spokesman said preliminary information indicated Viet Cong guerrillas killed the group. He said there was no information available in Saigon whether the mutilation was caused by torture before the men were killed or carried out after their deaths.

### THE TWO FOUND TODAY

They were those of Sgt. James Cordeva of Glen Burnie, Md., and Spec. 4 Roger Buss of Cottage Grove, Wis.

The bodies recovered Sunday were those of Sgt. James Cordeva of Glen Burnie, Md., and Spec. 4 Roger Buss of Cottage Grove, Wis.

### THE BODIES RECOVERED SUNDAY

They were Scott Etnyre of Wilmette, Ill., and Jerry Yankee of San Antonio, Tex., both junior guards.

Asked the reason for the action, academy information officials said, "We can neither refute, confirm or reveal the status of any cadet."

upon income, but are granted for the injury received. As a result, they did not receive any income form with their check. He said a large number of those receiving compensation had called him concerning the matter.

Following the VFW meeting a special session of the Home Association was held at which five directors were named. John Rummel and Edward Taylor were re-elected. Named as new directors were Robert Smith, Harry Felix and Walter Powell. Following that election the Home Association directors met to select these officers: John Rummel, president; Robert Smith, vice president; Harry Felix, secretary; Walter Powell, treasurer.

summer. During the year 4,448 boys advanced one rank in Scouting. A total of 4,385 merit badges were earned during the year. The report showed the council to have 334 Scouting units with 8,866 boy members and 3,400 Scouters.

to boyhood." The citation for Eisenhower noted that he "started his service to boys as institutional representative for Cub Pack 161, Aspers; then became Scoutmaster of Troop 75, Gardners. He is holder of the Scouters key and a member of the Order of the Arrow. He is truly well qualified leader of boys and a valuable trainer on the council training staff."

Lawrence Cummins, a troop committeeman of Troop 103, Hanover, and now a member of the Coneyago District committee, received the statuette for Coneyago District, which includes a number of Adams County units.

### ANNUAL REPORT

Approximately 400 attended the dinner session at which Ray R. Wiegand, council Scout executive, presented his annual report in which he announced that a memorial will be established at Camp Tuckahoe near Dillsburg honoring the late Thomas Shipley, pioneer York Scouter and industrialist, who was the first president of the York-Adams council in 1917.

Wiegand's report showed the council had income of \$165,864.06 during the year and expenses of \$165,788.78. The debt remaining from the addition of Camp Tuckahoe was listed as \$20,500. The report showed among other things that Camp Tuckahoe, with 2,056 present, had its highest attendance in history during the last

## Publishers Seek Repeal Of Law Barring Photographs, Recorders At Hearings

Restrictions against the public's right to know what is happening, as it happens, in its courts and other governmental bodies faces stronger opposition today as Pennsylvania publishers and editors begin an all-out drive to expand freedom of information.

James B. Stevenson, president of the Pennsylvania Newspaper Publishers' Association, issued this statement:

"The PNPA board of directors urgently opposes any and all attempts to restrict, gag or blackout news of governmental activity and procedure at any level. It specifically expresses great concern and opposition to a recent rule of court in Pennsylvania which prohibits the taking of news photographs and use of voice recording equipment at hearings before judges, magistrates, aldermen and justices of the peace.

### TO SEEK REPEAL

"The new restriction, Rule 118 of Criminal Procedure, was issued by the Supreme and Superior Courts effective January 1 of this year. PNPA, in cooperation with other news media charged with the responsibility of full and fair news coverage of the people's courts, will seek repeal of this rule through whatever legal means are available."

The PNPA president, publisher of the Titusville Herald, has appointed William E. Strasburg, newspaper publisher at Fort Washington, Pa., as chairman of a new Freedom of Information Committee to spearhead the drive.

Strasburg said that Donald Keith, Easton Express, president of the Pennsylvania Society of Newspaper Editors, has been appointed co-chairman.

The PSNE board of directors, according to Keith, today passed a resolution concurring with the PNPA program.

**HURTS FAIR HEARING** — "PSNE is already on record," Keith said, "with the Criminal Procedure Rules Committee that drafted Rule 118. Last fall we urged Justice Joseph Sloane, chairman of the rules committee, to rescind this rule before it became effective.

"We share the concern of the courts for an atmosphere of judicial integrity in the Commonwealth's courts. But we feel that Rule 118 defeats, rather than improves, chances of a fair hearing. We are in complete agreement that no court hearing at any level should be turned into a circus and that every individual has the right to a fair trial. But we insist that the people's right to know what is going on is as critically vital and as precious in a judicial proceeding as in any other public process.

"We submit that with modern

equipment, which does not require the use of photographic flashbulbs, news pictures are legitimate, accurate forms of newspaper reporting free of unsettling influences. Similarly, the use of tape recorders presents no distractions and assures a completely accurate report of the proceedings," Keith said.

G. Richard Dew, general manager of the PNPA in Harrisburg will coordinate the committee's activities. Dew said he has already been in touch with the Pennsylvania Association of Broadcasters and they will join the publishers and editors in a strenuous effort to alter or eliminate Rule 118.

Dew said that he and Robert H. Mauer, executive secretary of the PAB, will seek an informal meeting with Chief Justice John C. Bell Jr., Pennsylvania Supreme Court, to present these views and request appropriate action.

### SERVE AS GUARDIAN

Stevenson, Strasburg and Keith agreed that the new Freedom of Information Committee "has the basic responsibility to serve in the public interest as guardian against further restriction of this nature; to uphold the principle, that if we are to live in an 'open society,' then the people must have access to the facts.

They said that while Rule 118 is "inimical to the public interest and violates the spirit of free speech and the inseparable adjunct of press freedoms," it is only part of the overall assignment of the committee.

"Recent developments in Pennsylvania and throughout the country reveal an alarming trend to close the doors on public business," they said.

**CITES EXAMPLE** — "The recent and much criticized attempt by the Philadelphia Bar Association to impose a set of restrictions on public reporting of criminal procedures is an example," the spokesman said.

"The PNPA and PSNE boards have charged us," they said, "with an awesome responsibility. However, since this is basically a matter of public business and the preservation of the public's right to know, we feel it absolutely essential that representatives of the public other than the press take an active role.

"We therefore propose the inclusion of interested citizens of the Commonwealth who share this concern, thereby leading to the possible establishment of a Pennsylvania Freedom of Information Council."

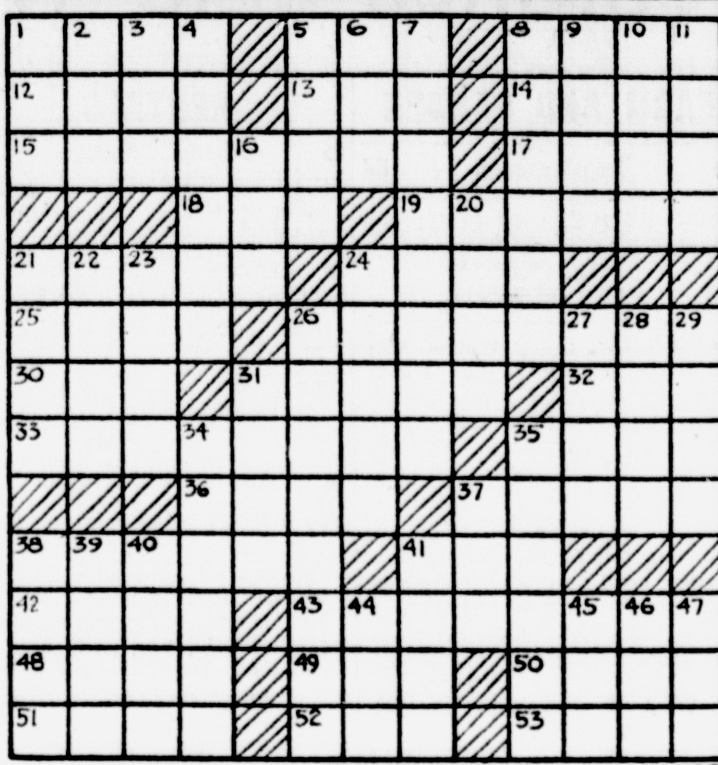

### Would Eliminate Federal Subsidies

WASHINGTON (AP) — President W. A. (Tony) Boyle of the United Mine Workers of America said today federal subsidies should be eliminated in developing nuclear power for the competitive generation of electricity.

In testimony prepared for a hearing before the Atomic Energy Commission, Boyle said continued subsidies threaten to destroy conventional fuel industries, such as coal.

In urging an end to federal subsidies of nuclear development, Boyle said "to do otherwise would, in our opinion, negate the entire logic underlying

## WINTER WINDS, SNOWS SWEEP UPPER REGIONS

By THE ASSOCIATED PRESS

Another blast of rough wintry weather — cold, snow and gusty winds — hammered Northern areas of the nation today from the Rockies into New England.

Bitter cold hit northern Midwest regions, with temperatures far below zero. Near blizzard conditions swept eastern sections of Montana and north-central Wyoming Wednesday.

Temperatures in the coldest areas — northern Minnesota and the Dakotas dropped to between 20 and 30 degrees below zero. Cold-wave warnings were extended from southeastern Iowa and Arkansas to Indiana and Tennessee. Subzero marks were expected southward into northeastern Missouri and central Indiana.

### SNOW IN MICHIGAN

Snow, fanned by brisk winds, swirled along the cold front from Lower Michigan to Nebraska and the northern Rockies. Three inches of snow fell in a six-hour period in Muskegon, Mich., making a covering of more than one foot. Snow measured nearly two

feet in Wyoming and more than one foot in Montana. Heavy drifting was reported in many areas and some major highways were closed.

Up to a foot of snow whitened areas east of Lake Ontario Wednesday and similar coverings were indicated in western areas of New York state during the day. Snow squalls and flurries peppered most of the eastern Great Lakes region and the northern Appalachians.

### SOUTH IS WARM

Meanwhile, fairly pleasant weather prevailed across most of the Southern half of the nation.

But in the Far West more rain, melting snow and rising temperatures sent some rivers overflowing and other streams to near flood stage in parts of Oregon and Washington.

U.S. 80 was blocked by high water at Rufus on the Columbia River in northern Oregon. Temperatures in the 50s caused snow to melt at elevations as high as 5,400 feet.

Heavy rain and melting snow caused a number of rivers and streams in Washington to rise to above or at flood stage.

### FIRE KILLS INVALID

CLIFTON HEIGHTS, Pa. (AP) — Mrs. Patricia Haddon, 56, an invalid, died Wednesday when a fire swept the second floor bedroom of her home. Police said her husband, William, and a son were at work when the fire occurred.

## 4 ELECTRIC FIRMS PLAN GIANT PLANT

By JACK LYNCH  
Associated Press Writer

HARRISBURG (AP) — Four electric companies today unveiled a \$225 million plan to build a giant power generating plant on rich fuel coal beds near Johnstown and extra-high-voltage line to send electricity into several eastern states.

They said the Conemaugh Steam-Electric Station will be built at the mouths of mines capable of producing the 5 million tons of coal it will burn annually to generate 1.8 million kilowatts of electricity.

The power will be sent through 225 miles of new 500,000-volt transmission lines to the companies constituting the regional power pool known as the Pennsylvania-New Jersey-Maryland (PJM) Inter-connection.

### READY BY 1970

The first of two 900,000-kilowatt generating units is expected to be completed in 1970, the second in 1971. The 500,000-volt transmission line will be ready to coincide with the start of the first generator.

The companies said new employment at the mine site would exceed 700 jobs at full peak.

Companies participating in the Conemaugh project are the Baltimore Gas and Electric Co., the Delaware Power & Light Co., the Pennsylvania Power and Light Co., and the Philadelphia Electric Co.

They also are among the firms associated in the Keystone project, which is a 1.8 million kilowatt plant at mine sites west of Indiana, Pa.

# 8 Million Refugees Extend Into 50 Nations

By A. I. GOLDBERG  
Associated Press Writer

UNITED NATIONS, N. Y. (AP) — Just 20 years ago Allied armies were closing in on the German heartland and squeezing out into the open those fever blisters of war, the refugees.

Two decades later, the face of the earth is still pocked with these fever blisters.

The U.S. Committee for Refugees puts the total today at nearly 8 million, dispersed in nearly 50 countries in every continent.

In early 1945 the "D. P.'s"—displaced persons—poured from camps where the enemy had taken them. The little people of France and the Low Countries, the Slavs and the Greeks and those from the Balkans, all brought to Germany as slave labor. There were Jews and others, from Germany and elsewhere, liberated from extermination camps by Americans, British and French troops.

MANY REACH HOME

Most Germans made it home to the rubble left by war. The others had to wait. But organization finally came in the form

of the First International Refugee Organization (I.R.O.). Later it was the Intergovernmental Committee for European Migration (I.C.E.M.), and finally the United Nations, which appointed a high commissioner to take over the work of the I.R.O. Voluntary church and charity groups assisted in this work.

The success of this effort is measured by the fact that I.C.E.M. has resettled about 1.3 million European refugees since 1952. Only a few thousand hard-core cases—aged and ailing—remain to be cared for.

## 2 NEW GROUPS

With them, however, have grown up two new groups looking for a new life somewhere else in the world—the recent refugee—escapees and the families of breadwinners who had emigrated on their own years ago.

I.C.E.M. had a budget of \$21.6 million in 1964 for transporting and resettling 70,500 migrants, about 33,000 of them classified as refugees.

The U.N. High Commissioner for Refugees, working with the I.C.E.M., has found new homes for 32,793 refugees since 1951,

but still has 30,200 refugees, of whom 1,900 were still in camps at the beginning of 1964.

Meantime, he was plagued with the problem of 150,000 refugees from Rwanda who had streamed into Burundi and the Congo; with the fate of 1.5 million refugees from Red China in Hong Kong; another million from North Korea in South Korea, and more than 2 million in India from East Pakistan and Tibet.

## CUBAN REFUGEES

The high commissioner also works with the United States and Latin American governments in dealing with the problems of Cuban refugees. Between January, 1961, and March, 1964, more than 172,000 Cubans fleeing Castro had registered at the Cuban Refugee Center in Miami.

The Palestine refugee problem, with more than 1 million displaced persons in camps and towns of four Arab countries, is handled by the United Nations Relief and Work Agency (UNRWA).

Financing of all these programs is by voluntary contri-

butions. Nearly 50 religious, welfare and charity organizations in the United States contribute heavily. The United States government has poured more than \$705 million into the United Nations and various international governmental organizations. Still, refugees are scattered across the world.

## WOULD STRENGTHEN LAW

HARRISBURG (AP) — State Sen. John T. Van Sant, R-Lehigh, has proposed legislation aimed at strengthening Pennsylvania's harness racing law.

One bill proposed by Van Sant Tuesday would make it illegal to administer or attempt to administer "drugs or stimulants" to race horses under a penalty of a \$5,000 fine or five years in prison.

## CURB LAW PRACTICE

MIAMI, Fla. (AP) — Law practice has been socialized in Cuba.

Havana radio, monitored in Miami, said newly established "collective offices of revolutionary lawyers" opened Tuesday. Private practice is banned, it added.

## WHITE DENTIST UNDER ORDERS

HARRISBURG (AP)—A white dentist from Allegheny County is under order of the State Human Relations Commission not to turn away Negroes who seek his services.

The order was handed down Tuesday based on testimony taken at a public hearing last Dec. 18 at which Dr. Merrill J. Elias of Wilkensburg had been accused of racial discrimination.

Mrs. Maxine Buefort, a Negro resident of Wilkensburg, testified that Elias had refused dental service to her five-year-old daughter, Jacquelyn, because of race.

Elias contended that he refused dental service to Negroes because he became ill while a student at the University of Pittsburgh more than 30 years ago while treating a Negro who was unclean.

The commission said Elias' reasoning did not constitute a satisfactory explanation or excuse for refusing dental service.

## Social Security

Q. I am planning to retire on July 1st this year since I will become 65 in June. By that time, I will have earned about \$3,500. Does this mean that I won't be able to collect my social security checks until next year?

A. Assuming that you will have earnings of \$100 or less per month after June, you may receive your monthly benefits beginning with July. The social security law provides for this even though total earnings for the year are quite substantial.

Q. My wife never worked under social security but she is receiving monthly checks on my social security account. Now, she has been offered a summer job which will pay her about \$900. I have kept my own earnings at \$1,200 a year since I retired. If she takes the job, making our combined earning about \$2,100, does this mean that some of our monthly benefits will be lost?

A. No. The social security law provides that each beneficiary may have earnings of \$1,200 without forfeiting any benefits.

Q. I will become 72 in June of

## Watch Survives Years In Ceiling

SHEBOYGAN, Wis. (AP) — Thirty-two years ago Anton Weinkauf was working on the wiring of an organ at Holy Name Catholic Church when his watch slipped out of his pocket and down an opening to a false ceiling several feet below. It was unable to retrieve it.

Recently the ceiling was being removed to permit an addition to the church.

Weinkauf was on hand, discovered his watch, wound it and found it in perfect working order.

## Youth Hurt In 2 Accidents In Hour

TYLER, Tex. (AP) — State patrolman Bobby Miller answered at 6:45 p.m. call Tuesday and found a small sports car overturned beside a rural road.

The driver, Don Henry Brown, 21, of the Whitehouse community, told Miller another car had pulled into his path from one side, he swerved to miss it and his vehicle upset. Miller drove him home.

At 7:50 p.m. the officer received another call. This time he found a compact automobile upside down in another rural road. Beside it stood Brown, who said the car was his sister's and it flipped as he avoided a car halted in the middle of the roadway.

Miller took Brown, unhurt in either accident, home a second time.

Some Viennese are still finicky about how their coffee is prepared. They specify 15 precise proportions in which coffee and milk may be properly mixed, ranging from einspaenner (black) to schaumlicht (very light).

# PLYMOUTH DEALERS HAVE IT PLYMOUTH VALIANT: \$2004.00†

- Costs about the same as many late-model used cars!
- Big trade-in allowances!
- Sensible payments!
- Low-cost driving!

### PLUS A 5-YEAR/50,000-MILE WARRANTY ON THE PARTS THAT KEEP YOU GOING!\*

\*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months, furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

†Price based on Manufacturer's Suggested Retail Price for lowest-priced Valiant 100 2-dr. sedan, exclusive of destination charges, state and local taxes, if any, whitewalls, wheel covers, and other optional equipment.

## Choose Automatic Washer With Greatest Flexibility

MRS. HELEN D. TUNISON  
Extension Home Economist  
Consider the degree of automation when buying an automatic washer. Automation varies from little to complete programming. Your work pattern, location of the washer, frequency of washing, number of loads done at one time, and the kinds of fabrics in the family's laundry will influence your choice.

Wash and spin speeds differ in top-of-the-line and minimum model automatic washers. It may soon be possible to buy washing machines that feature many speeds. One manufacturer is experimenting with a washer having infinite speeds; other manufacturers now offer a choice of three or more speeds. Several washers feature a washing speed for woollens which permits fabrics to be washed with slow speed and little agitation.

Minimum model washers may have only one speed for washing. The washer makes no automatic adjustments for the washing of woollens or other fibers. You must add what flexibility you can by interrupting the wash cycle or by adjusting washing time.

Spin speeds for extracting water also vary. The minimum model washers usually have one spin speed. Top-of-the-line models offer many choices; you may select a spin speed suited to the fabric you are washing. Middle models may offer two speeds for wash and spin. These speeds are related: high speed agitation and high speed spin are combined, and low speed agitation and low speed spin are combined.

**NEW IRONING TABLES**  
Today's ironing boards, also called ironing tables, offer added conveniences to the homemaker. Adjustability is one improvement. Ironing tables may be set at any height from about 19 to 36 inches. Any woman, short or tall, can have the ironing table at a height comfortable for her to use.

Adjustable heights make it possible for a woman to sit and iron with ease. Some ironing tables have curved legs that allow for plenty of knee room. Unfortunately, most of these are built for right-handed woman. A woman who is left-handed, may prefer an ironing table with straight legs which gives her some knee clearance on either side.

**FIRM BOARD**  
An ironing table should not wobble, slide, tip or rock. If it is stable, the table will be safe and comfortable to use.

Another important convenience is the increased ironing surface available with some ironing tables. Some have flaps; other have extension wings that square off the rounded end of the table. These extensions are put into position or retracted with a lever on the underside of the table. Homemakers find the additional surface helpful when ironing large or flat pieces.

**FOOD CONSUMPTION**  
A nation survey of American eating habits, covering both households and individuals, will be made by the U.S. Dept. of Agriculture beginning in the spring of 1965 and continuing through the winter of 1966.

It's purpose is to gather and analyze data on food consumption patterns and the nutrient levels of U.S. diets.

This is the first time nation-

wide survey has been made of the food intake of individuals. The last national survey of households was made in the spring of 1955. The new survey, which will cover all four seasons, will include 15,000 households and the individual diets of 13,000 persons. It will be conducted by USDA's Agriculture Research Service with the assistance of the Economic Research Service.

**COST OF FOODS**  
In making the household survey, researchers will ask homemakers to supply specific information on every type of food used in their home during the week preceding the interview. They'll request the quantity used, whether the food was purchased or obtained otherwise, and the price paid for purchased food. Other information will include expenditures for food eaten away from home, the age and sex of persons eating at home, their relationship to the head of household, and the number of meals eaten.

Canning and freezing information will also be obtained from the homemakers. The survey of individual eating habits, which will be made only in the spring of 1965, will include the kinds and amounts of food eaten at home and away from home during the preceding day, the time of day at which the food was consumed, the place where the food not-taken-from-home was eaten, and the cost of purchased meals and snacks.

## INDIAN BOOK ISSUED AGAIN

A new edition of a book "Indians in Pennsylvania" has been announced by the Pennsylvania Historical and Museum Commission. First issued in 1961, the publication has been in extensive demand and has been out of print for the past year.

Written by Dr. Paul A. W. Wallace, a former professor at Lebanon Valley College and current historian on the staff of the commission, the book is a flowing account in simple language of the Indian tribes in Pennsylvania from the time of first exploration to the present date. Emphasis is on presenting a rounded picture of native life for the general reader. Maps and illustrations accompany the text. William Rohrbach of Camp Hill, Pa., is the artist.

The new printing includes 3,000 cloth-bound copies, with printed dust jacket, and 2,000 paper bound. A selected reading list, or bibliography, related to various phases of the Indian story has been added to this printing.

Interested persons may order the book by mail address to the Pennsylvania Historical and Museum Commission, Publications Division William Penn Memorial Museum Building, Box 232, Harrisburg, Pa. Checks or money orders must accompany the orders. The cloth edition is priced with sales tax at \$2.63; the paper edition at \$1.58 postpaid. Copies may also be purchased at the State Book Store, State Capitol Building.

## INFILTRATION INTO S. V. NAM IS CONTINUING

WASHINGTON (AP) — The war in South Viet Nam may be entering a new tactical phase with a growing infiltration of fighters from Communist North Viet Nam to beef up guerrilla forces battling the U.S.-supported South Vietnamese.

U.S. officials said Tuesday night they estimate on the basis of intelligence reports that probably 10,000 trained fighters infiltrated into the south from North Viet Nam last year. They also estimated that about 90 per cent of these were native North Vietnamese instead of southerners trained in the north and sent back home.

**SEND 40,000 MEN**  
(South Vietnamese Ambassador Tran Thien Khiem had told The Associated Press in an exclusive Washington interview on Dec. 3 that North Viet Nam had sent 30,000 to 40,000 infiltrators into South Viet Nam during the past three years and the flow was continuing at a stepped-up pace.)

To the extent that the intelligence estimates reported Tuesday night by U.S. officials are correct, and they are said to be accepted by top officials here, they indicate a deeper direct involvement of North Viet Nam in the struggle in the south.

**FEW ARE AVAILABLE**  
U.S. officials say the increase in North Vietnamese pressure

may be accounted for at least in part by a drop almost to the vanishing point of South Vietnamese Communists available for training in the north.

Authorities here do not rule out, however, the possibility that the North Vietnamese may believe they are approaching a Communist victory in the south and intend to intensify their efforts to take over the country at a more rapid rate.

Another new element in the situation is that U.S. officials who until recently had played down the infiltration of native northern troops now stress this development as having taken place over the past year.

**BETTER SPY WORK**  
Their explanation is that in the last few months much better intelligence information has become available through improved methods of compiling and analyzing prisoner of war reports.

The latest figures released by officials here and also put out earlier Tuesday in Saigon appear certain to figure in debate on U.S. policy toward Viet Nam. This debate has already produced some demands in Congress that the United States should withdraw, negotiate a neutralization agreement with the Communists or otherwise find a way to end the struggle.

At the other extreme there are reported to be some officials within the government who would like to see the war broadened to put greater pressure of threat of pressure on North Viet Nam.

Hunters kill over 35,000 deer in Maine every year.

# U. S. Has 800 Fully-Armed Missiles Stockpiled In Many Underground Silos

By EVERETT S. ALLEN  
New Bedford (Mass.)  
Standard-Times

WASHINGTON (AP) — At the moment, the United States has more than 800 fully armed ICBMs deployed on launchers, 600 of them Minutemen, almost all in "hardened" — underground, concrete — silos dispersed over a total area of more than 100,000 square miles, from New York State to California.

An accounting of how and why this technological miracle came about is the story of the nonexistent "missile gap."

## ACQUIRED GERMAN DATA

As World War II neared an end, the Soviet Union, Britain and the United States acquired all of the German technical data and military devices they could. The Russians did particularly well, their army overrunning most of Germany's rocket production and assembly facilities.

The director of Germany's V-2 rocket center, Dr. Walter Dornberger, and Dr. Werner von Braun, who worked on Germany's V-2 missile program, surrendered to U.S. forces rather than be taken by Soviet troops. The Dornberger-Von Braun team of 130 scientists and engineers, together with valuable documents, parts and scientific reports, arrived in the United States in the summer of 1945. But now the war was over and the United States did not feel the need, or

the desire, to establish a single high-priority missile program at that time.

## SOVIET MISSILE TARGET

However, Allen Dulles, former director of the Central Intelligence Agency, recalled that "by 1952-53, the missile situation in the Soviet Union became one of our major intelligence targets. Every effort was made to interview returning Germans the Russians had been able to hire because the former were starving."

Dr. Jerome Wiesner, former science adviser to President John F. Kennedy, was "first conscious" of the missile in the summer of 1952. He recalled, "I heard a briefing by an Air Force officer, in which he described something that resembled the Empire State Building and estimated it would take the Soviets until 1955 to develop it, so that we need not be concerned for a long time."

## SOUGHT MINIATURE WEAPON

This was a widely held view. There was considerable doubt about being able to miniaturize the nuclear weapon so it could be placed within the nose of a missile-type vehicle. We learned to our sorrow that the Russians didn't wait to perfect miniaturization. In the 1950s, missile discussion in the United States split into what Dulles called "a dichotomy of skeptics and believers."

Among the latter were Dr. John von Neumann of the

Princeton University Institute for Advanced Studies and Trevor Gardner, who early in 1953 was appointed special assistant secretary for research and development for the Air Force. Gardner immediately addressed priority efforts to the missile.

## FORMED "TEAPOT" GROUP

It was Gardner who established the Strategic Missiles Evaluation Committee which came to be known as the "Teapot Committee." Von Neumann was chairman, and Dr. Wiesner, one of its 11 members. This group spent a year in studies, listening to military leaders, scientists, and intelligence information, and by the winter of 1953, emerged fully convinced that we could build an ICBM in four to six years, and that the Russians had a several-year lead on us, as well as a program exclusive of that assisted by German workers.

With the Rand Corp. — a non-profit research and development group established by General H.H. (Hap) Arnold of the Air Force in 1946 — the Teapot Committee believed the nation was in grave danger and called for an aggressive missile effort that President Dwight D. Eisenhower "backed to the hilt," in the words of one member.

## PRODUCED LIGHTER BOMB

Laboratory experiments had convinced the Von Neumann committee that the next U.S. nuclear test series, in the summer of 1953 would produce, and

it did, a lot lighter bomb; if so, the payload, instead of being 10,000 to 12,000 pounds, need be only 3,000 to 4,000. This would negate the Air Force argument that a missile would be hard to build because it would have to contain a huge nuclear-fission bomb.

Recalled Lt. Gen. James M. Gavin, Ret., former Army missile chief:

"By 1956, it was recommended to us that we go for an IRBM — medium-range missile — because we thought they had ICBMs — long-range missiles — and this was the best thing we could do in a hurry."

## U2 FLIGHTS BEGIN

At this point, in July 1956, the U2, an American aircraft that can take 4,000 pictures of a strip 125 miles wide and 2,174 miles long from a height of 60,000 to 70,000 feet, began to overfly the Soviet Union. The Air Force had developed something better than radar screens in Turkey.

From these flights in the words of Dulles, "We gained, rather quickly, extraordinary results from photographing their major base and the complex around it. After that, we were able to watch its development with reasonable accuracy. Other Air Force detection methods also were developed, permitting more accurate monitoring on test firings."

The Gaither committee, established by Eisenhower, was trying to decide when the Russians might be likely to have a large number of missiles. One former member commented to me, "The consensus was 1960, for an operational missile force. We thought it would take us two years longer so we were at a serious disadvantage."

In the summer of 1957, a high-ranking Air Force general commented to Wiesner in the presence of a large group, "You're exaggerating this missile business. There will be no operational missile in my lifetime."

On Aug. 26, 1957, a few days after the general — who is still on active duty — made his prediction, the Soviet news agency Tass announced launching of a long-range ballistic missile.

U.S. intelligence replied, in the words of Dulles, by "sounding the alarm."

## RUSSIAN FIRINGS

The Russians fired three more satellites between Oct. 4, 1957, and May 11, 1958, the last being Sputnik III, weighing 2,926 pounds, contrasted with three of our shots that had payloads of only 31, 28 and 3.23 pounds.

A rocket vehicle capable of launching a heavy satellite is not precisely the same thing as having an ICBM, but military authorities conceded that when the Russians had solved prob-

lems of guidance, re-entry and production, they could reach anywhere in the United States with an ICBM launched from the Soviet Union.

It was accepted in the United States that nothing could stop the Russians from achieving an intercontinental missile with a 5,000-mile range.

## SAW RUSSIANS AHEAD

Dr. von Braun was convinced that if we had kept up a stepped-up Penemunde operation we could have had an ICBM by 1950. Obviously, if we could have had one that early, the Soviets certainly could have one eight years later. Our national posture was not helped by a NATO intelligence study that stated the Soviets had ICBMs with nuclear warheads "in operational quantities." The report said Red missile forces numbered 200,000 men at approximately 100 bases.

Principally, because of lack of information and because we thought missiles were easier to make than we now know they are, we accepted the grim picture of a massive, hard-driving Russian program far ahead of ours.

# PRICES SPURT AFTER SALE OF BEANS TO REDS

By RICHARD F. WHALEN  
AP Business News Writer

NEW YORK (AP) — Just one year after its controversial wheat sale to the Soviet Union, Continental Grain Co. has swung a soybean deal with the Russians.

The \$11-million deal — the first big sale of soybeans to the Soviet Union — sent soybean futures prices to seasonal highs on the Chicago Board of Trade Tuesday.

Grain trade sources in New York expressed mild surprise that the Commerce Department granted an export license for the sale, since soybeans are not a surplus product. Wheat was.

## MORE LICENSES

"The question is: Will the government grant more licenses if the Russians want more soybeans?" said one grain company executive.

Some economists anticipate an even bigger demand for the versatile soybean — used in making products from bread and drugs to fertilizers and in-

sect sprays.

At current prices, Continental's sale would represent about 41 million bushels. This season's crop is estimated at about 700 million bushels, with exports estimated to reach 205 million.

Since the soybean price is well above the government subsidy price, the government is not in a position to stipulate the shipping arrangements.

## STIRS TROUBLE

The big wheat deal, concluded with the Soviet Union in October 1963, set off a controversy in the shipping industry, which wanted the wheat to be carried by U.S. flag ships.

Longshoremen at one point refused to load the wheat on foreign ships.

Republicans said the Democratic administration should have obtained some concessions from the Russians in return for the wheat.

The controversy created snags in the negotiations. Then Continental signed the first contract, for \$78.5 million, in early January 1964.

Continental said its soybean deal was for 90,000 tons, shipments would begin shortly and payment would be in cash.

Grain trade sources said shipment would probably be made from the Gulf Coast ports.

# Russia Must Give Ground Or U.N. Assembly Recess To Avoid Showdown On Funds

By TOM HOGE  
UNITED NATIONS, N.Y. (AP) — Prospects of a showdown over U.N. finances increased Wednesday following Adlai E. Stevenson's demand before the General Assembly that the Soviet Union and other debtors pay up or lose their assembly votes.

The U.S. chief delegate did not name the Soviet Union, France or other defaulting nations in his policy speech Tuesday. He did call for support of the American position that delinquents must be penalized under Article 19 of the U.N. Charter, which takes away the assembly vote of any nation two years in arrears.

**NEAR CRISIS**  
Stevenson warned that the assembly is nearing a fork of the road and "may soon have to decide which branch of the road it will take."

Delegates said the U.S. stand appeared to make a confrontation with Moscow unavoidable unless the Soviets give ground or the assembly calls a recess.

The Soviet Union has said it will make a substantial contribution to the U.N. treasury, but only if the assembly sets aside the penalty clause. The United States insists on knowing in advance that the Russians will contribute enough to take them off the delinquent list.

**MAY BREAK DEADLOCK**  
Western diplomats question that another assembly recess will help break the deadlock that has defied the negotiating talents of Secretary-General U Thant, Assembly President Alex Quaison-Sackey and the 59-nation Asian-African bloc.

Stevenson told the assembly that Article 19 must be observed. To ignore the charter, he said, would be "a step in the dark down an unfamiliar path."

He declared that if members were allowed to decide individually what U.N. activities they considered legal and worthy of

financial support, the United Nations would become an organization beset with uncertainties, delays, frustrations and failure.

The Soviet Union and France claim assessments they have refused to pay for peacekeeping operations are illegal because they were voted by the assembly instead of the Security Council.

A showdown is expected to come next Monday when Quaison-Sackey plans to call for election of committee chairmen and vice presidents so the assembly, which has been floundering aimlessly for more than eight weeks, can get down to business. A record vote would automatically bring up the question of applying Article 19.

## WRITES MOM HE IS SORRY HE DEFECTED

SEOUL, South Korea (AP) — The U.S. Army said Wednesday that Sgt. Charles R. Jenkins of Rich Square, N.C., left a note apologizing to his mother "for the trouble I will cause you" before he defected to Communist North Korea three weeks ago.

"I know what I'll have to do," said the note Jenkins left in his quarters. "I'm going to North Korea. Tell the family I love them very much. Love Charles."

Jenkins was leading a patrol early on the morning of Jan. 5 through a wooded area in the demilitarized zone dividing North and South Korea. He told his men to wait for him, then walked off in the dark. When he failed to return, a search was ordered, but Jenkins could not be located.

The Army confirmed his disappearance and told of the note

# FINDS FRENCH REVOLUTION HOUR BORING

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — "The French Revolution," Tuesday night's illustrated lecture on NBC, might have made a nice quiet Sunday afternoon special around July 14, anniversary of the day French revolutionaries stormed the Bastille.

stick with NBC, you can see a lot of the world in its original hue. But this cram course on the French Revolution, even for an eager armchair tourist, was crowding culture a bit.

The attempt to capture the 1789 revolution in one entertaining hour was a pretty ambitious undertaking. Despite painstaking research, some marvelous photography and interesting old prints, it was a very long, boring hour.

**SKELTON VERY FUNNY**

Besides, most of us had a pretty good idea from the beginning of who won.

On CBS, Red Skelton was very funny in a pantomime

sketch kiding — of all unlikely subjects — Whistler's Mother. Red may get some outraged mail for this irreverence. And perhaps Phyllis Newman of "That Was the Week That Was," will get a letter too after her wicked spoof of Nancy Dickerson's concentrated coverage of President Johnson on Inauguration Day — and on the same network, too.

Recommended tonight: "Dick Van Dyke Show," CBS, 9-9:30 EST — second of a two-part episode with Jerry Van Dyke, Dick's brother; "Danny Kaye Show," CBS, 10-11 — with Irene Ryan of "Beverly Hillsbillies," and Bessie Griffin and the Gospel Pearls.

## Seek Ruling On Mixed Weddings

RICHMOND, Va. (AP) — A federal court heard arguments Wednesday on a case almost certain to lead to a ruling on the constitutionality of laws in 19 states that forbid the intermarriage of whites with other races.

The three-judge court is being asked by a Caroline County, Va., couple to throw out a Virginia law which provides that "if any white and colored person shall go out of this state for the purpose of being married and with the intention of return-

ing... they shall be punished."

An appeal of the decision, whichever way it does, seems sure to go to the U.S. Supreme Court, which has not issued a definitive ruling on state miscegenation laws.

Richard Perry Loving, 31, a white construction worker, and Mildred Jeter Loving, 25, part Indian and part Negro, were married in Washington, D.C., in June, 1958. They have three children.

When they returned to Caroline County to live, they were convicted of violating the miscegenation statute and were given the option of a year in prison or banishment as a couple from Virginia for 25 years.

**OPPOSE VA CLOSING**

HARRISBURG (AP) — The Senate has gone on record in opposition to the ordered closing of a regional Veteran's Administration office in Wilkes-Barre.

It formally adopted a resolution Tuesday protesting the closing on the grounds that it would cause area veterans undue hardship and also hurt the economy of a vicinity already classified as depressed.

Zambia is the first British dependency to become a full-fledged republic without going through an intermediate stage as a dominion.

James McCracken Varies Othello's Jealous Moods

By MARY CAMPBELL  
NEW YORK (AP)—The bottom, in the world of opera, is carrying a spear. That's where James McCracken, one of the world's leading dramatic tenors, acclaimed in Europe and the Americas for his many performances of "Othello," began.

"Not too many start as low as I did," McCracken says. "I was at the Met four seasons and really did nothing. I had no high notes to sing, which after all is the criteria of what kind of tenor voice you have."

So McCracken and his wife, mezzo-soprano Sandra Warfield, went to Europe in 1957 to build the reputation which would bring him back to the Metropolitan Opera, starring in a wildly applauded "Othello" on March 10, 1963.

In Bonn, Germany, McCracken quickly was given leading roles in "Der Freischutz," "Il Trovatore," "Aida" and "Pagliacci."

**WRONG LANGUAGE**  
"I was getting invaluable experience," he says, "in the wrong language."

"In Germany they sing everything in German. The German singers know it, of course, and the Italian singers don't sing in German as a general rule. A world career is something only we Americans have to have, because there are not so many minor league places to sing in this country."

The McCrackens left Germany for Verona, Italy, where he was understudy for the tenors singing in "Turandot" and "Aida." Their daughter, Ahna, was born in Verona.

He started singing "Othello," difficult and demanding of both voice and acting ability, in 1950. "It was very simple," he says, "We had places that wanted to do 'Othello' and couldn't really find an 'Othello.' I shouldn't at that early age (33) have been doing it, but because of the opportunity in Zurich in September, 1961, Washington, D.C., was first, then Zurich in September 1961 and shortly afterward Vienna. That combination worked out so that I got some acclaim on it and other people started to want me."

**SUNG ROLE 125 TIMES**  
McCracken has sung "Othello" some 125 times, in Washington, New York, Boston, Detroit, Minneapolis, Atlanta, Memphis, New Orleans, Dallas, Houston, Sacramento, San Francisco, Los Angeles, San Diego, Mexico City, London, Paris, Bielefeld and Wiesbaden, Germany; Zurich, Vienna, Rome, Palermo, Trieste, Busseto, the birthplace of Verdi, and perhaps some others he has forgotten.

A modest man, the tenor is more apt to quote from notices which were critical than from raves, as he did in explaining that "Othello" audiences vary greatly in warm and cold climates.

"In Mexico City for example, the audience reaction to a jealous husband can be something different from London, and Palermo different from Zurich. If Othello becomes furious early in the opera, there is a tendency in a town like London or Vienna for the critics to say he should have been more noble and become jealous at a later point. In Palermo they like it if he's jealous."

CURATOR TRIES DOLPHIN TALK

PORT ELIZABETH, South Africa (AP)—How can humans talk to dolphins?

Colin Taylor, curator of Port Elizabeth's oceanarium, believes he is getting near to the answer with Haig and Lady, the only performing dolphins in Africa.

The range of research is necessarily vast and complicated because: Dolphins rely almost entirely on sound and very little upon sight or other senses in the conduct of their activities; they communicate with each other at terrific "conversational" speed; they appear to pass complex information between each other by means of their familiar whistle, and their messages are determined by variations in the amplitude or pitch of their whistled exchanges and not by vocal variations or phonetics which humans use.

Experts consider in view of these difficulties it is remarkable that Taylor has been able to isolate certain components of the dolphin whistle to determine specific actions or objects to which specific passages of the whistle refer and to file in printed form the beginnings of dolphin talk.

To do so he uses electronic magnetic tape recordings and printing instruments which he has assembled.

Because each whistled message, containing considerable information, often lasts little more than a second and is generally repeated after an interval of about two-fifths of a second, it is necessary to slow down the original recordings of each message. The unwanted water and pump noises are filtered out and the message is transmitted to paper in the form of a wavering line which shows the variations in pitch.

Observers believe if Taylor can ultimately understand and reproduce a significant proportion of the dolphin language, in a manner comprehensible to dolphins, he may have made talk between man and mammal a practicable proposition.
